Lloyd Morey

TO THE READERS OF THE 1955 ILLIO

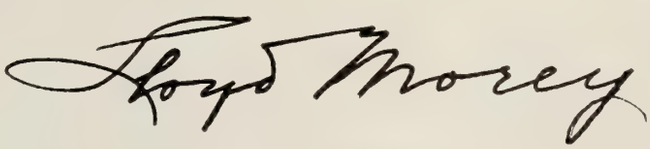

I appreciate the opportunity extended me by the editors to present this brief message.

All life is multifold — intellectual, physical, social, cultural and spiritual. A full development and a continuing experience in each of these areas are essential to produce a truly educated person and to provide a full life for each individual.

The University of Illinois tries to place within the reach of all its students opportunities for such development. In addition to providing a broad range of academic programs, it also encourages students, after they have given adequate attention to their academic work, to participate in other activities which develop them in personality, character, and physique and make them better fitted for their respective professions and vocations.

The 1955 ILLIO is a fine record of the accomplishments of many students during this year in our University life. I offer my congratulations to all those who have made this volume possible. I congratulate all those who by their efforts have brought success to the many activities which are here reported.

Finally, to the seniors and others who soon will leave the University, Mrs. Morey and I extend our best wishes and our hope for success and happiness for every one of you. May you always hold your Alma Mater in your affection.

The task of the University's adminstration is two-fold: to bind the organization together and to anticipate and plan for the future. Instead of merely working as a collection of colleges, schools, divisions, and experiment stations, the University must function as a unit.

The operational pattern of a great university is very complex. Functioning in the interest of the citizens, and largely financed by tax funds from them, the University must seek efficiency, yet must never lose sight of its purpose in education. The University carries on its work through extension, demonstrations, publications, motion pictures, and radio as well as through classroom, laboratory, and library. The facts from research plus the newly acquired knowledge is made available to students in the classroom and to people everywhere.

The University touches almost every field of human interest and activity from the classics and arts to government, agriculture, health, engineering, science, and business.

The tasks of the president are to carry out these policies and to administer the University directly. Assisting the president are the vice president, the deans and directors of the various units, the comptroller, the provost, and the board of trustees, who selects the president and directs the general policies of administration.

UNIVERSITY OF ILLINOIS FOUNDATION

The University of Illinois Foundation, a non-profit corporation, was established in 1935 principally to encourage and receive gifts for the benefit of the University. Since that date the Foundation has received many contributions—some in the form of substantial bequests—in support of scholarships, research, library and art acquisitions, and other phases of the educational program.

The Illini Achievement Fund, annual-gift program of the Foundation, was established in December, 1948. Total contributions to the Fund during its first six years have amounted to more than $500,000.

The Foundation also has an active patent-management program. Numerous inventions by University faculty members have been turned over to the Foundation, and several have been found to have commercial possibilities.

The University of Illinois Foundation has an elected membership of 148 alumni of the University. The Board of Directors has nine members: Joseph R. Ator, Chicago; Joseph B. Campbell, Nashville, Illinois; George T. Donoghue, Chicago; Eugene D. Funk, Jr., Bloomington, Illinois; H. F. Glair, Flossmoor; H. B. Megran, Harvard, Illinois; Lloyd Morey, Urbana; Amos H. Watts, Chicago; and Leslie B. Worthington, Chicago.

THE UNIVERSITY OF ILLINOIS ALUMNI ASSOCIATION

Since 1873 the Alumni Association has worked to build a greater University of Illinois and to serve the alumni and students. More than 18,500 Illini are dues-paying members of the Association, making it the fourth largest alumni organization in the nation.

Through its elaborate record maintenance system, the Association keeps in touch with the more than 100,000 living members of the vast Illini family throughout the world. Address and biographical information on any alumnus are available to all Illini.

Across the nation and overseas the Alumni Association serves Illinois alumni through a network of Illini Clubs which bring alumni together for fellowship and to cooperate on projects of assistance to the University.

Nine times a year Alumni Association members receive their copies of *Illinois Alumni News* with its stories and pictures of University life and happenings.

To help bridge the gap between campus and everyday life, the Association is cooperating in producing a new motion picture of the campus in color and sound to be released in 1955.

In addition to the central alumni office in the Illini Union, the Alumni Association has a representative on the Illini Center in the LaSalle Hotel in Chicago to serve the thousands of Illini in that area.

The great responsibility of providing for the welfare of each student at the University of Illinois lies with the deans. The unifying and coordinating official is Dean of Students, Fred H. Turner. His staff consists of Gerald W. Peck, acting director of the Coordinating Placement Office, and George H. Bargh, assistant dean in charge of foreign students.

Dean of Women, Miss Miriam A. Sheldon, has as her assistants Miss Agnes G. Tandberg, associate dean of freshman women; Miss Mary E. Harrison, assistant dean of independent women; Miss Eunice Dowse, assistant dean of residence hall counseling; and Miss K. Patricia Cross, assistant dean of sorority women.

Aiding Dean of Men, Edward E. Stafford are Howard G. Neuberg, assistant dean of fraternity men; Richard E. Hulet and Calvin S. Sifferd, assistant deans of independent men; Gerald W. Peck, assistant dean of student employment; and V. James Hampton, assistant dean of student organizations.

All of the deans work to see that relations are good among the students, the faculty, and the citizens. If a University of Illinois student seeks help with any problem, he will receive aid from the deans.

CHICAGO UNDERGRADUATE DIVISION

The Chicago Undergraduate Division of the University of Illinois provides the opportunity for study in the professional fields of architecture, architectural engineering, and physical education, and offers a program leading to a Bachelor of Science degree in nursing. In addition, courses in liberal arts and sciences, commerce and business administration, and engineering furnish education in the pre-professional areas. Both the basic and advanced courses in ROTC are included for men.

The division was established at Navy Pier in 1946. In general, the courses are identical to the ones offered on the campus at Urbana, and its students hold the same status as do the Urbana students.

Dean Charles C. Caveny

Dean Louis B. Howard

The College of Agriculture prepares men and women for successful careers in agriculture and home economics. It is made up of nine departments offering courses open to all qualified students in the University. These include work in Agriculture Economics, Agricultural Engineering, Agronomy, Animal Science, Dairy Science, Food Technology, Forestry, Home Economics, and Horticulture. These departments have in common an interest in the production, processing, sale, and use of food and clothing materials, and a direct approach to higher levels of living.

The work of the Agriculture Experiment Station and the Extension Service helps to keep the College in close contact with the current problems in research and practice.

COLLEGE OF AGRICULTURE

COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

The main function of the College of Commerce and Business Administration is to develop in its students the abilities necessary for careers in business economics and administration. This is accomplished through training in modern business practices and in the fundamentals of economics.

The College is organized under the departments of Accountancy, Business Education, Business Law, Economics, Management, and Marketing.

The Bureau of Economics and Business Research directs an organized research program. Its discoveries are published in (1) *Illinois Business Review*, a monthly summary of the business conditions for Illinois, and (2) *Current Economic Comment*, issued quarterly.

Dean Paul M. Green

Dean B. L. Dodds

The College of Education prepares students for careers in teaching, special education services, and administration. The courses are supplemented by supervised practice teaching in school systems in co-operation with the college. Special undergraduate programs are offered in such fields as the education of mentally handicapped children, music education, home economics education, and industrial education.

Direction of school surveys is one method the Bureau of Research and Service uses to conduct research in the field of education for the College. University High School, Urbana, offers opportunities for experimentation under controlled conditions.

COLLEGE OF EDUCATION

COLLEGE OF ENGINEERING

The primary aim of the College of Engineering is to prepare men for professional work in engineering and for responsible positions of a technical and semitechnical character in industry, community, and government. The curricula are built on a general foundation of scientific facts and theories applicable to many different fields. The College is composed of ten such curricula: aeronautical, ceramic, chemical, civil, electrical, general, mechanical, and mining and metallurgical engineering; physics; and theoretical and applied mechanics.

The College of Engineering encourages participation in extracurricular activities. Scholarship is promoted by several honorary fraternities. The student Engineering Council serves to co-ordinate the numerous functions of the member professional societies. The students publish and manage an engineering magazine, *The Illinois Technograph.*

Dean W. L. Everitt

Dean Allen S. Weller

The Departments of art, architecture, city planning and landscape architecture, and music make up the College of Fine and Applied Arts. The College offers courses designed to increase esthetic appreciation and to portray the role of the arts in civilization.

Besides its formal instruction, the College offers public recitals by students and faculty, concerts by the University orchestras and choral groups, and art exhibits. The School of Music sponsors weekly radio broadcasts over Station WILL. In co-operation with other campus departments, the College annually sponsors a festival of Contemporary Arts.

GRADUATE COLLEGE

Dean Oswald Tippo

The essential aim of the Graduate College is "to develop the power of independent work and the promotion of the spirit of research." These are the words of the first Graduate Dean, David Kinley. The Graduate School, with a separate faculty and administration, was organized in 1906. Its steady growth has been aided by scholarships and fellowships established by the University Board of Trustees.

Many of the graduate students hold positions as instructors in undergraduate courses of their specialized field.

Director Fredrick Siebert

Instruction in journalism at the University was begun in 1902 as part of the courses in rhetoric. The School of Journalism was established in 1927 as a separate unit; and then in 1950, its name was changed to School of Journalism and Communications with divisions of journalism (news editorial work and publication management), radio, and advertising.

The program is based on the conviction that the student can best profit from a course of study that permits him to integrate professional subjects with general subjects.

COLLEGE OF LAW

Dean Albert J. Harno

The College of Law aims to provide a program which will prepare students for becoming judges, legislators, teachers of law, and administrators in government and private business. It considers its responsibility as more than the learning of legal terms, rules, and formulas. The College aims to guide students in appreciating the functions of law in social order, and in aiding the law to keep pace with constantly changing conditions.

Founded in 1897, the College of Law has continually striven towards the improvement of legal education and for higher admission standards to the United States Bar.

Dean Joseph R. Smiley

The College of Liberal Arts and Sciences serves several major purposes. It provides for the traditional liberal education, and also offers programs leading to professional degrees.

The College is divided into the following groups: Division of Biological Sciences, Division of Humanities, Division of Social Sciences, and Division of Physical Sciences. The general curriculum requires a nucleus of courses in these groups and a certain amount of concentration in the subjects chosen as majors and minors. It leads to the degrees of Bachelor of Arts or Bachelor of Science depending upon the field of concentration and emphasis of study.

LIBRARY SCHOOL

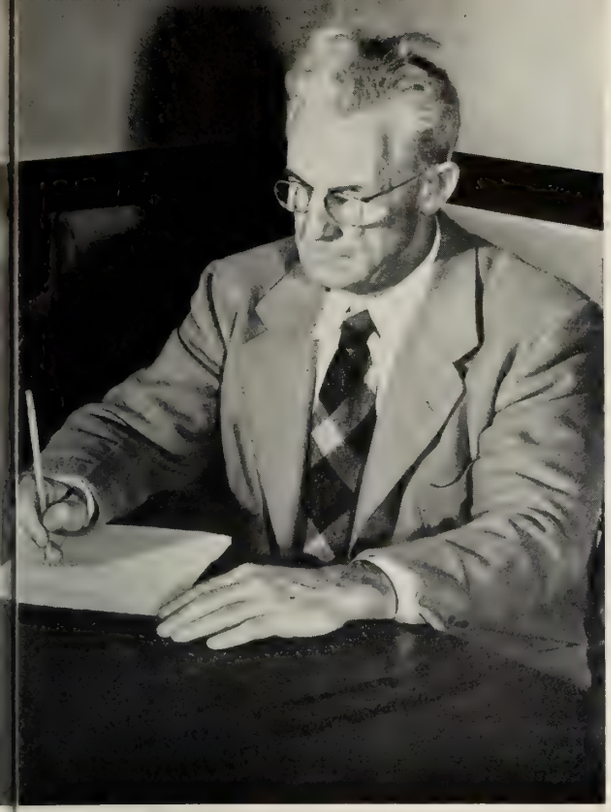

The University of Illinois Library School, one of the oldest in the country, was established in 1893. Originally located at the Armour Institute of Technology, it was moved to the Urbana Campus in 1897.

The aim designated by the Library School is to prepare its students for jobs as assistants and administrators in public libraries; libraries of various schools, colleges, and universities; and specialized libraries such as agriculture, chemistry, law, and music.

The school offers both undergraduate and graduate programs. The undergraduate program is offered as part of the curricula of the College of Liberal Arts and Sciences, and the College of Education. A fifth year's work for M.S. and L.S. Degree is the minimum academic requirement for professional librarianship. Students with the necessary qualifications may continue work for the Doctor of Philosophy Degree in Library Science if they so desire.

Director Robert B. Downs

Director Seward C. Staley

The School of Physical Education at the University of Illinois was established in 1933. It is made up of two major departments: Physical Education for Women and Physical Education for Men.

Professional training is offered in the divisions of physical education for men and women, health education for men and women, recreation for men and women, and dance for women. The school also provides a program for all University students who are required by the University to earn four semesters credit in physical education.

The School is well known for its research in the fields of motor and organic fitness and diagnostic fitness tests for both faculty and students.

DIVISION OF SPECIAL SERVICES FOR WAR VETERANS

Acting Director Frank Bridgewater

The Division of Special Services for War Veterans offers veterans an opportunity to re-orient themselves academically through the aid of refresher courses and reduced programs. The Division also helps them to obtain an educational objective involving subject matter offered in several colleges. It aids and advises those whose special needs are not met by existing material offered within a specific College. In addition, the Division studies the needs of returning veterans and informs the veterans of all services of the University.

Dean Robert B. Browne

The Division of University Extension is an All-University organization that has as its purpose to extend the educational resources of the University to those who are not enrolled for study in residence.

The faculty of the Division is made up of members of the faculties of other schools and colleges in the University, together with a small administrative staff.

The students participating in this program are residents not only of the forty-eight United States and its territories, but also of many foreign countries.

COLLEGE OF VETERINARY MEDICINE

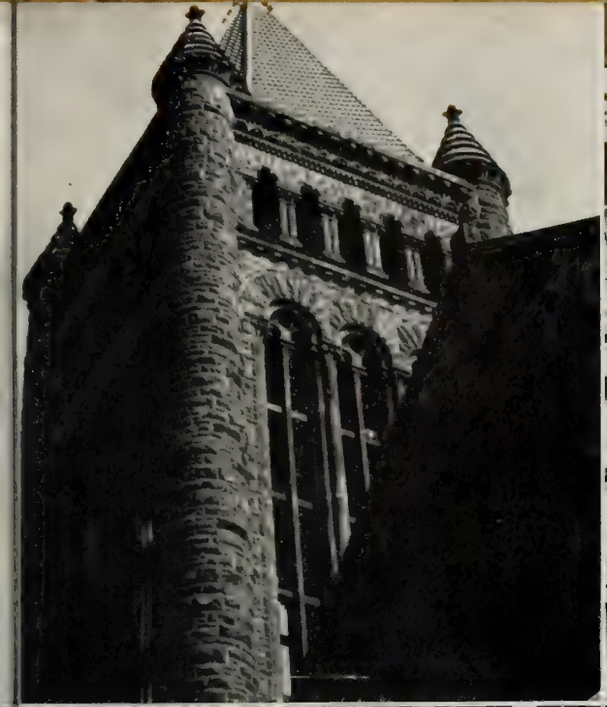

Originally made up of a two year pre-veterinary program, the College of Veterinary Medicine was established in 1944. In September, 1948, a four-year professional program was initiated.

In order to protect the livestock industry and to safeguard public health from animal diseases transmissible to man, the College trains its students in the prevention and control of animal diseases.

The College also includes programs of extension, graduate study, and veterinary research. A disease diagnostic service and a veterinary clinic and hospital service provide animal patients and specimens for instructional purposes.

THE ILLINI UNION

The Illini Union was established as a center of campus life for the use of students, staff, alumni, and friends of the University.

Equipped by the Board of Trustees through the co-operation of the University of Illinois Foundation, the Union was made possible by a grant of funds from the Federal Government, a separate loan, and contributions from alumni and friends of the University.

CAMPUS CHEST

Campus Chest is a comparatively new organization on campus. It was established at the University of Illinois to eliminate the inconvenience of individual student and faculty donations to numerous charities.

Each fall a general drive, which includes contributions to all of the major charities, is conducted. The proceeds from this drive, as well as those from the Spring Carnival, are allocated to charities recommended by the Allocations and Advisory Board. This board, composed of representatives from major student organizations, representatives from the Chest, and three faculty advisors, controls the proceeds from the drive and from Spring Carnival.

Other drives with which this organization is concerned are the book drive and the clothing drive. These are conducted every year and have proven very successful. Another project is the orphanage Christmas party, which is as much fun for the sponsors as for those being entertained. These yearly events serve to keep the eighty members busy.

Four senior editors supervised the planning and the production of *The 1955 Illio.* These four included an editor and three associate editors who tried to bring to the student body a reflection of the various phases of life at the University of Illinois. The staff tries to produce a book which will benefit the interests of all the students and staff members.

The eleven junior editors were responsible for the supervision of the eight sections composing *The Illio.* These sections are: Chicago Professional Colleges, Sports, Residences, Activities, Seniors, Organizations, Illi-noise, and University. These assistant editors assigned and directed the work of the freshman and the sophomore staff members, who typed, filed, cropped pictures, wrote copy, and planned layouts. Each spring the freshmen and sophomores attend a workshop, in the Illio office, to receive training in the many phases of yearbook work.

ILLIO BUSINESS STAFF

The responsibilities of the Illio Business Staff are the advertising, sales, and circulation of *The 1955 Illio*. The staff is kept busy with registration sales, "Turkey Sales," and other special sales-drives conducted throughout the year. The Illio Beauty Contest, held every fall, is under the supervision of the two senior managers who also direct the junior managers in their work.

The eight junior managers are divided into two groups, advertising and sales. These managers handle the general office work which constitutes a large part of getting *The Illio* distributed. They organize all of the data, set up the work for the freshmen and sophomores, and supervise their activity. These freshmen and sophomores on the *Illio* staff have the responsibility of selling the books and doing general office work such as filing and typing. All of these students work to enlarge the distribution and to keep the popularity of *The Illio* high.

DAILY ILLINI CIRCULATION STAFF

The circulation staff of the Daily Illini is in charge of the distribution of the newspaper on campus and to out-of-town subscribers. The staff keeps a record of the sales and subscriptions of the student newspaper. Under the supervision of the circulation directors, the staff determines how many papers are to be printed each day.

The staff is divided into two groups. The promotion staff solicits all subscriptions and has charge of the mail and delivery service. The office staff handles all clerical work connected with the mail and delivery service.

TECHNOGRAPH

The student publication representative of the Engineering Department is the *Technograph*. Any engineering student interested in obtaining practical journalistic experience can find such work by becoming a member of the staff of the *Technograph*. These writers, as well as the readers, benefit from the wealth of knowledge concerning current technical and industrial problems in our world of science.

The *Technograph*, which is published monthly, includes coverage of all engineering fields. Special reports by staff members and well-known specialists are included in each issue. These articles will be of special importance to those of you who are just beginning your career in engineering. They will help to give you some idea of the phase for which you would be best quailfied.

The editor and the business manager run the *Technograph* in conjunction with the activities of the Engineering Council. Experience is gained in technical journalism.

PHOTOGRAPHIC STAFF

The Photographic Staff is a unit working independently of any campus publication. It is directly responsible to the board of directors of the Illini Publishing Company and has exclusive coverage of events for all three of the major Illini publications. The Daily Illini, The Illio, and The Technograph.

The staff members are not expected to provide their own cameras, and the rest of the materials which they may need are supplied by the IPC. In the basement of Illini Hall, the photographers work in their new office and dark room.

The staff members work under the direction of the photo editor of The Illio and the photo editor of The Daily Illini. It is the job of the editors to supervise and assign work to the staff members.

This group works in cooperation with editors and staff of each student publication to produce better newspapers, yearbooks, and magazines. In addition to this, the staff conducts a training program for student photographers, preparing them to assume staff positions the following year.

ILLINI PUBLISHING COMPANY

Chartered by the State of Illinois, the Illini Publishing Company is a non-profit corporation which is in charge of printing, publishing, and distributing student publications at the University. It operates under a board of control headed by Professor Frank Schooley, chairman; Frank Senger, general manager; and Paul McMichael, business manager.

The board is made up of four students and four faculty members, who serve without compensation to help give student publications good printing at a very low cost. The four students are nominated by the Student Senate and elected by the board for two-year terms. The four faculty members are appointed for four-year terms by the President of the University upon recommendation by the Dean of Students. These faculty members control the finances and appoint the senior editors and managers for the different publications. These publications are the *Daily Illini*, the *Illio*, and the *Illinois Technograph*.

Y.M.C.A.

The Y.M.C.A. offers a program of various activities that will balance a student's education with a deeper and more spiritual meaning. It operates a building whose doors are open to anyone. Its well-equipped campus center provides comfortable lounges, quiet study rooms, the new Kaeser refreshment and recreation room, a modern darkroom and crafts shop, hometown newspapers and current magazine files, and meeting room facilities.

The Y.M.C.A., a non-denominational organization, gives its members many opportunities to work on the more than twenty committees connected with the "Y" projects. With the Y.W.C.A. it sponsors a varied program of social recreation. First in the field of freshman orientation many years ago, the "Y" sponsors a wide program for freshmen and is a pioneer and campus leader in its program for international students. Each year a freshman orientation program is planned and carried out. The "I" book, which supplies University information to students, is published by this organization.

UNIVERSITY THEATRE

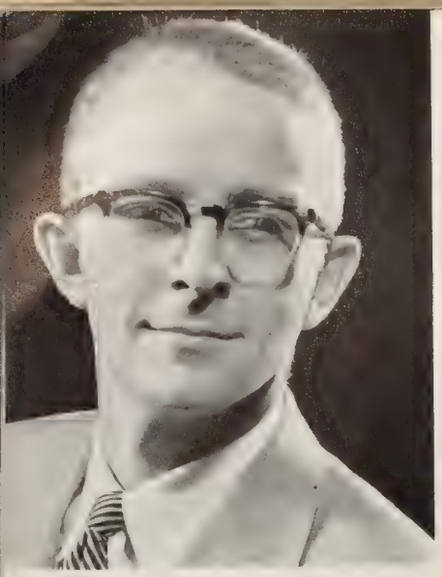

The University Theatre has provided entertainment for the campus and community for over thirty-one years. This organization has striven constantly to expand and improve its services by sustaining a program of distinguished modern plays and classic masterpieces, and by providing expert theatre arts training for its student workers. It is a major extra-curricular activity for hundreds of students every year.

The University Theatre Board, composed of both students and faculty, is the governing body. Direction and technical direction of the program is furnished by faculty staff managers, each is in charge of a separate department of theatre activity.

The Theatre has three types of workshops: the actors' workshop for more advanced members, a showcase workshop for beginners, and a workshop for the performance of student written plays.

Ruthann Harrison, director

Paul Young, director

Kermit Breen, director

Six choral groups comprise the major vocal music organizations of the University. Paul Young is in charge of the University Choir, the Men's Glee Club, and the Oratorio Society. Kermit Breen directs the Women's Glee Club and the Junior Men's Glee Club; Ruthann Harrison conducts the University Chorus.

The most advanced group, the Choir, presented a Fall "Pops" Concert, and went on two tours, extending to northern and southern Illinois. Haydn's "The Creation" was presented by the Chorus on December 5.

A tour of the East was highlighted by an appearance on Ed Sullivan's "Toast of the Town" for the Men's Glee Club. Along with the Junior Men's Glee Club, they presented a Homecoming "Pops" Concert and gave a Christmas program at Chanute Air Force Base.

The Women's Glee Club joined with the Choir and the Men's Glee Club for a Christmas Concert on December 12. "St. Matthew's Passion," by Bach, was presented in the spring by the Oratorio Society.

SYMPHONY ORCHESTRA

Bernard Goodman, conductor

The University of Illinois Symphony Orchestra ranks with the best college and university orchestras in the country. The members of this group are students as well as townspeople and faculty members of the University. Tryouts are held at the beginning of each year for those who are interested in becoming members.

Throughout the year, the orchestra presents various concerts for the benefit of the people. It includes in its programs contemporary as well as classical works.

Making up the orchestra's many activities are out-of-town concerts, a performance during the Contemporary Arts Festival and other performances on special week-ends. Twice a year all the choral groups perform together.

Mark Hindsley, director

Mark Hindsley directs the University of Illinois Concert Band, the most advanced of the three bands. Its members are those who have attained the highest level of technical proficiency, and are selected from new students by try-outs and from the ranks of the Regimental Bands, which serve as a training ground for the Concert Band. One hundred twenty-five musicians comprised this year's roster.

The band participates in the University Band Clinic and presents an Anniversary Concert each year. In conjunction with the Regimental Bands, it helps present the Twilight Concert series played on the Auditorium steps each week during the spring. Everett Kisinger and Guy Duker are assistant directors.

FIRST REGIMENTAL BAND

Everett Kisinger, director

The First Regimental Band, with a membership of 100, is conducted by Everett Kisinger. The band serves to prepare musicians for membership in the Concert Band. Not restricted to music school students, the band members represent every college and school in the University.

The band's activities are somewhat curtailed until December, since many of its members are in the Football Marching Band, which is active throughout the football season. On January 13, they participated in the Music Festival, and joined with the other bands after Easter in presenting the Twilight Concert Series. The Regimental Bands performed at the Honors Day Revue, Mothers Day ceremonies, and Commencement. Their annual feature concert was presented in March.

The Second Regimental Band, also directed by Everett Kisinger, is divided into two groups. Band A includes 92 members; Band B is comprised of 47 members. The two groups form a beginning from which musicians can advance to the First Regimental Band and to the Concert Band. This year's membership was considerably enlarged from that of previous years.

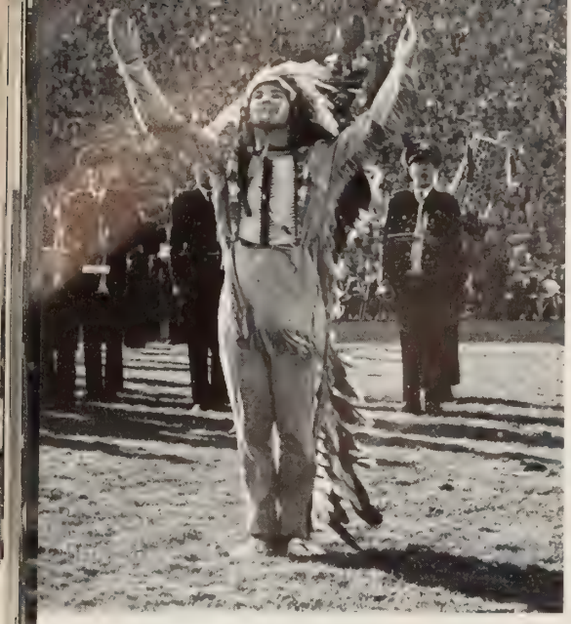

The Second Regimental Bands furnished music for the football pep rallies and other group programs such as the Veterans Day presentation. They join with the other band in presenting the Twilight Concert Series in the spring.

FOOTBALL

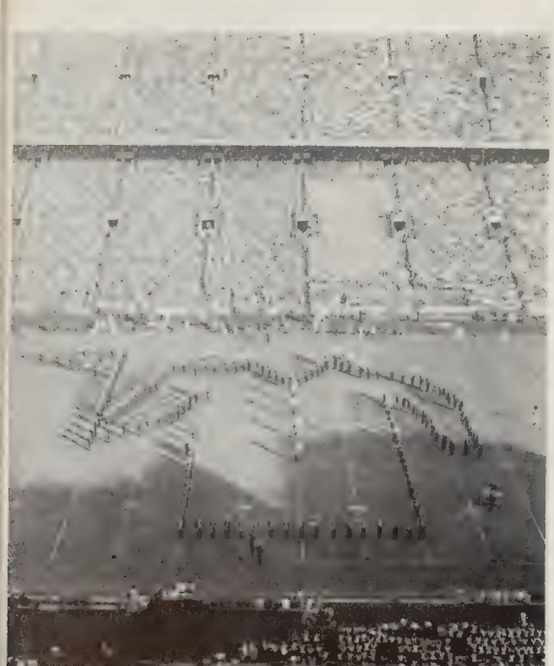

The University of Illinois Marching Band, with a roster of 190 members, thrilled football fans with over fifty pre-game and half-time formations this year. Among the highlights was a sequence of formations honoring John Phillip Sousa, first spelling out SOUSA, then illustrating several of his marches, including Sabre and Spurs, Northern Pines, and George Washington Bicentennial.

At the Ohio State game, the band saluted the I-Men with a winged foot, then with moving formations kicking a football and throwing a basketball.

MARCHING BAND

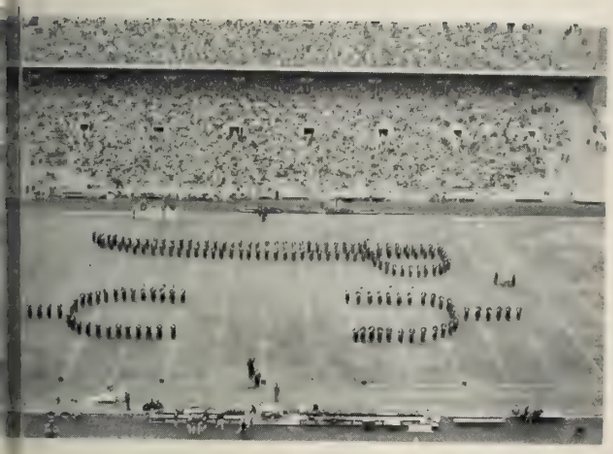

The portrayal of "what we like best from Dad" ($$$) received many chuckles at the Syracuse-Dads Day game.

Eagerly awaited each game was the performance of Chief Illiniwek, Gaylord Spotts. The band was ably led by drum major Paul Rossock.

Each year, the band journeys to one out-of-town football game. On October 15, they boarded a special train for the trip to the University of Minnesota, where they gave one of their finest performances.

The Student Senate, the official representative body of the students, is composed of thirty-eight members. Twenty-four of these are elected by the student body and fourteen ex-officio members represent various activities and housing groups. The most important purpose of this group is to promote the general policy making authority over student affairs with the Committee on Student Affairs.

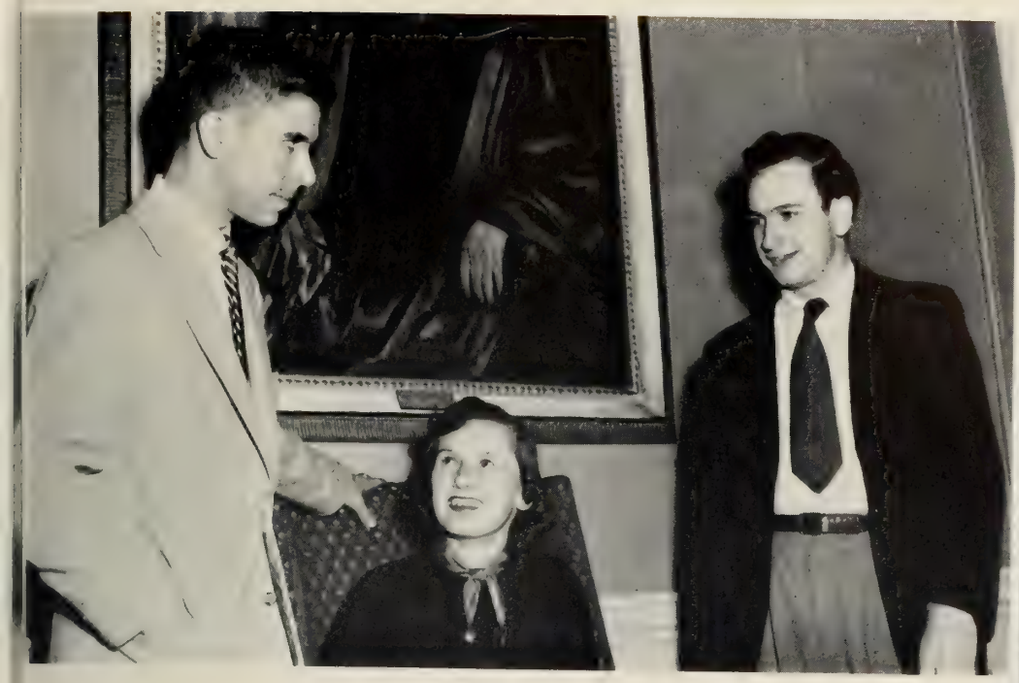

Any student on campus may attend a Senate meeting, voice opinions concerning the business at hand, or present and support a legislation.

A special branch of the Student Senate is Freshman Council, which is made up of a group of students. This group helps freshmen with any problems which they may have.

The Co-ordination Committee was set up to prevent unnecessary conflict and competition between the programs and events sponsored by various student organizations. Among their responsibilities is included the consideration of student petitions and the scheduling of a time and location for student-sponsored programs. They are also responsible for compiling an annual calendar of events, planning the budget for many University functions and handling tickets.

Organizations which are affected by the Co-ordination Committee are the Illini Board of Control, University Theater, men's athletics, women's athletics, Illini Union, Concert and Entertainment Board, Campus Chest, Freshman Council, and the housing groups.

This committee was begun by the Student Senate and it is in its seventh year.

The Committee on Student Affairs is a part of the University Senate. The Student Senate appoints nine faculty members to this committee. With the help of the Senate, it writes the "Code on Student Affairs" which is a set of regulations concerning the operation of all student organizations. It serves as an advisory group to the Dean of Students.

The major duties of this committee are to prevent outside activities from encroaching on your studies, and to help students maintain good living conditions.

PANHELLENIC COUNCIL

Gail Furnall, president

Panhellenic is the governing and policy-making body of all the sororities at the University of Illinois. It strives to bring about a closer friendship between sororities and also between the sororities and independent associations. It works to further high intellectual accomplishment and create sound scholarship among its members.

Panhellenic activities include the Fall Scholarship dessert and the Spring banquet, when individual and house scholarship is honored. The council also sponsors the Pledge banquet every fall. One of the biggest events of the school year is the annual Panhellenic ball which the council presents in the fall.

The governing bodies of Panhellenic are the Presidents' Council and the Executive Committee, the latter of which includes council officers, a faculty advisor, and fourteen departmental and junior departmental chairmen. These departments are social, scholarship, rushing, pledge, activity, public relations, Shi-Ai, and senate.

Junior Panhellenic consists of all sorority pledges. The organization and purpose of Junior Panhellenic is patterned after that of Panhellenic itself.

WOMEN'S GROUP SYSTEM

Betty Priggie, president

The Women's Group System is the organization for independent women on the campus. All women living in residence halls and organized houses are voting members of W.G.S. A council of the house presidents of these groups meet to discuss the group's activities, receive announcements of campus events, and take back to their houses any questions needing the opinion of the individual members. The executive council, made up of officers, major and district chairmen, and advisors acts as a supervisory and legislative body.

The Women's Group System strives to aid independent women, especially freshmen, with their campus problems. It tries to promote higher scholastic standing, greater activity interest, and a general spirit of cooperation

The freshman advisor's program in W.G.S. gives assistance to each freshman. In a Freshman Board, composed of a freshman girl from each independent house, freshman problems and interests are discussed.

W.G.S. sponsors the Watcheka Sing, a Mother's Day luncheon, and teas honoring outstanding scholarship and activities. It joins the Men's Independent Association in publishing their own newspaper, the *Indee*.

MEN'S INDEPENDENT ASSOCIATION

Gordon Cash, president

The University of Illinois Men's Independent Association is the representative body for the independent men on campus. Established and administered by students, it organizes these men and enables them, through united effort, to influence formulation of policies affecting student welfare. The MIA includes and represents all independent men on campus through organization of all houses with eight or more residents. One representative is sent from each such residence to the MIA Monday Council. This council decides all issues of major importance and is the policy-making body for the group. The Association's executive body is the President's Cabinet, and it is composed of officers and committee chairmen.

Incentives and opportunities for independents in all fields of student activity are provided by MIA. This body awards trophies for scholastic achievements, aids student participation in sports, and encourages its members to leadership in the organization's varied recreational program. The MIA is also an active member of the National Independent Student Association.

INTERFRATERNITY COUNCIL

Thomas Rowader, president

The Interfraternity Council is the governing and supervisory body of all social fraternities at the University. Such current problems as scholarship, activities, house finances, house management, and pledge training are studied by the council.

The Council is composed of two chapter representatives from each of the fifty-eight fraternities. It is the largest as well as the oldest such group in the country. Each fraternity is represented by a junior and senior representative. Regular weekly meetings and committee meetings provide the setting for getting acquainted and disseminating constructive ideas for fraternity operation. Various activities may be attributed to the Council through its officers and committees.

The Council functions are effected by the actions of the following committees: activities, house managers, judicial, pledge training, program, intramurals, and executive.

A board composed of three staff fraternity men, three local fraternity alumni, and the Executive Committee advise this group. The members of this board form the Board of Fraternity Affairs. Supervising the Interfraternity Council is the assistant dean of men for fraternities.

JUNIOR IF COUNCIL

L. H. Bayley, Jr., president

In its first year on campus, the Junior Interfraternity Council had one primary objective: the improvement of pledge classes in the building of character as well as in the strengthening of scholarship.

A president, vice-president, secretary-treasurer, and sargeant-at-arms, each with a term of one semester, comprise the core of the governing body. Their job is to keep the meetings running smoothly, maintain order, iron out financial problems, and see that the committee heads are appointed.

Two main events are completely planned by the Junior Interfraternity Council. One is a dessert, to which an invitation is extended to all fraternity pledges. The other is the Junior Interfraternity Ball, held in the spring, which is only for pledges.

Junior IF started a new project this year —the publishing of a newspaper twice a month. In this newspaper is found information on fraternities and sororities, pinnings, recent school projects, IM sports, articles on outstanding students, and news concerning campus events, such as Stunt Show, Spring Carnival, etc.

ILLINI FORENSIC ASSOCIATION

The Illini Forensic Association is open to any University of Illinois student who is interested in developing his speaking ability through participation in debate, discussion, and public speaking events. Its program aims not only to improve speaking ability, but also to arouse interest in current events.

The association sponsors a weekly Student Forum on station WILL and monthly Parliamentary Debates, as well as regular intercollegiate speech events and activities. It also supplies speakers for demonstration debates and work shops.

The membership, chosen by try-outs, is composed of eight varsity and sixteen junior varsity members. An executive council of students, faculty advised, manages the Association.

I F
BALL

Committee: Richard Wolfe, Thomas Rowader, John Greene

Phyllis Kennedy, Arlene Freed, Diane Prentiss, Margery Burger, Janet Greene, queen; Lura Sutton, Alice Stewart, Jerry Bond, Virginia Thompson

Chivalry was blooming at the InterFraternity Ball this year. It was truly a "Night of Knights" as Ralph Flanagan and his Orchestra played against a background of medieval castle walls. The mood was set for the big social event of the spring season.

The big moment of the dance came when Janet Greene was crowned Queen of the Ball. Soft music was played by Flanagan as Janet was presented. It was a beautiful sight that could never have been duplicated in medieval days.

SENIOR BALL

Committee—Top row: John Hoyt, Frank Gerace, Robert Trumbull
Bottom row: Clare Lueking, Lawrence Chapman, Jerry Bond

A successful Senior Ball was held this year. For the first time in twenty years, it was moved off campus to the Moose Club. An excellent meal, complete with dinner-hour music, was followed by the dance, in a setting not outdone by the most lavish night club. Dick Cisne's music proved to be the most danceable of the year, spiced by a professional comedy act which provided an entertaining floor show.

HONORARIES

Students who are outstanding in their fields or who have maintained high scholarship make up the University honoraries. Scholastic attainments, like interests, and notable achievements in their fields are the common qualities of the members.

The goals of the honoraries are to promote scholarship, cooperation, friendship, and achievement, and to encourage leadership, service, research, greater understanding of the subject, and high professional ideals.

While many of these societies are chapters of national organizations, others have sprung up from within the University itself to fill the needs of the student.

Closer social and professional companionship and fuller development of character and personality are by-products of these brotherhoods of common achievement. They provide their members with a chance to experiment in the practical application in their future professions, as well as offering an opportunity for exchanging new ideas with others of common interests.

A clock surrounded by a date book and wings signifies fleeting time, efficiency, friendship, and Alpha Chron. Alpha Chron recognizes independent sophomore women who have done outstanding work in house and campus activities during their freshman year, and have attained a grade average of at least 3.5.

The purposes of Alpha Chron are to encourage further work in campus activities, to promote a truer friendship among members as well as among other students, and to engage in programs which will stimulate leadership among members and other students.

Alpha Chron members serve as ushers for Dads Day Review and as hostesses at the Women's Group System scholarship tea. They also sponsor Watcheka Sing, the independent women's sing given during Mothers Day Weekend.

Alpha Lambda Delta is the freshman women's scholastic honorary, founded at the University of Illinois in 1924 by the Dean of Women, Miss Maria Leonard. Today this national organization has 73 active chapters.

To be eligible for membership, the student must attain an average of 4.5 during her first semester while carrying 15 academic hours, or during her first year while carrying 30 academic hours.

Alpha Lambda Delta members hold a Christmas tea for all freshman women who have attained an eight-weeks average of 4.0 or better. Coffee hours and picnics are also sponsored by the organization.

This group has a scholarship assistance program which is offered without charge to all freshman women who are having difficulties with their studies.

Dolphins, a swimming fraternity, is open to all men who have an interest and show superior ability in water skills. Improving the swimming program of the University of Illinois and throughout the State of Illinois is their main interest.

The Dolphins started this year with a splash with their presentation of "Holidaze," their annual water show presented on Dads Day and Homecoming Weekends. One of the highlights of this aquatic carnival was the coronation of Dolphin Queen who acts as sponsor for the organization for a year.

Besides co-operating with Terrapin, sending representatives to the National Aquatic Forum, and officiating at University swimming events, they sponsor such activities as swimming clinics and water polo.

Kappa Delta Pi is the only national co-educational honor society in American education that includes both undergraduate and graduate students and members of education and allied faculties. This fraternity is an honorary organization which encourages high professional, intellectual and personal standards, and recognizes outstanding contributions to education. There are now 195 chapters of this fraternity throughout the United States.

Its official publications are: The Educational Forum, The Kappa Delta Pi Lecture Series, and the Kappa Delta Pi Research Publication.

At the Annual Spring Initiation, Alpha chapter presents an award to the outstanding senior in the College of Education. The name of the recipient is placed on the bronze tablet in the office of the College of Education.

Phi Eta Sigma, the freshman men's scholastic honor society, was founded in 1923 to encourage and reward high scholastic attainment among college men. Alpha Chapter, at the University of Illinois, was admitted in 1937 to membership in the Association of College Honor Societies.

Any Illinois freshman who attains a grade average of 4.5 or higher, either during his first semester or his first complete school year, may become a member of Phi Eta Sigma.

Most of the work of Phi Eta Sigma is concerned with promoting scholarship. The chapter sponsors a booth at the annual Freshman Week Activity Night, honors those freshmen whose eight-weeks grades average 4.0 or above with a smoker, and holds exchange with Alpha Lambda Delta, the Freshman women's honorary.

Shi-Ai, the sophomore activity honorary for sorority women, works to strengthen friendship among the sororities and to encourage interest in campus activities. They also hold exchanges with Skull and Crescent and Star and Scroll.

Established jointly in 1920 by Illinois and Northwestern, Shi-Ai participates in many service projects among which are a Christmas party for the Old People's Home, a milk fund for needy Champaign-Urbana families, and donations for the Miriam Sheldon Scholarship Fund. They also sponsor the Shi-Ai Sing during Mothers Day weekend.

Every spring, each sorority chooses two freshman girls outstanding in leadership, activities, and scholarship to represent them in Shi-Ai.

Sigma Alpha Iota is a professional music fraternity for women. The purpose of the organization is to further the highest standards of musical performance and appreciation locally, nationally, and abroad. The Sigma Alpha Iota Foundation provides musical scholarships for deserving young people. The American Music Awards program offers encouragement to young American composers. Through the International Music Fund the fraternity provides music materials, instruments, books, manuscript paper, and educational leadership in hospitals, orphanages, and schools at home and in war-torn countries of the world.

Outstanding women students in music are elected to membership on the basis of scholarship, musicianship, character, and congeniality.

Sigma Tau was established at the University of Nebraska in 1904 to honor scholarship and professional attainment in engineering.

The pyramid in the symbol of the organization stands for stability; the sphinx for silence as opposed to self-advertisement; the rail section for progress.

Membership is selected from students in the upper one-third of the juniors and seniors of a recognized engineering school. Further selection is made on the basis of practicality and sociability.

Sigma Tau offers an opportunity for the formation and development of professional friendships among the members, as well as an opportunity to expand and temper their own ideas through the contributions of others.

Skull and Crescent, which chooses its members from the twenty-five oldest fraternities on campus, is a national fraternity honoring sophomore men who have gained high achievement in scholarship and activities. Its primary objective is to create and promote inter-fraternity fellowship and to encourage freshmen to excel both in scholarship and in campus activities.

Among the annual activities of the organization are a pajama race in the Armory, a formal dinner dance at the Urbana-Lincoln Hotel, a pledge banquet, an exchange with Shi-Ai, and a contest with Tomahawk.

Each year the new initiates earn Skull and Crescent pins, which are passed down from the previous members. In return, the initiates award each alum with an honorary paddle.

Star and Scroll is an honorary composed of two sophomore men from each of the seventeen member fraternities. It was founded at the University of Illinois for the purpose of promoting inter-fraternity fellowship, raising freshman scholastic standards, encouraging freshmen in activities, and perpetuating the traditions of the University.

Members are selected every year on the basis of their scholastic standing and potential success as campus leaders in extra-curricular activities.

The coronation of a queen at the annual Star and Scroll formal dance is one of the highlights of the year's activities.

This group also participates in student activity night, the Sweet Sixteen Circus, and a Union Coffee hour with Shi-Ai.

Tau Beta Pi, a recognized engineering honor society, was founded at Lehigh University in 1885 "to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in the field of engineering, and to foster a spirit of liberal culture in the engineering colleges of America."

At present, Tau Beta Pi has ninety-six chapters with a membership of over 81,000. Alpha chapter of Illinois, established at the University of Illinois in 1897, was the fifth chapter founded. Juniors and Seniors in all branches of engineering who meet required standards of scholarship, leadership, and character are eligible for membership.

Terrapin is an honorary swimming club for University of Illinois undergraduate and graduate women. The aims of the club are to further proficiency in aquatics, promote a spirit of good sportsmanship and friendship, and encourage interest and participation in aquatic activities at the University and elsewhere. Pledges are chosen on the basis of swimming and potential water ballet skill.

One highlight of the year is the Mothers Day water show. Terrapin sponsors the Women's Interhouse Swimming Meet, supports swimming events on campus, and acts as a parent to Guppies.

In September, 1952, Terrapin offered for the first time an Educational Service Fund designed to assist students in research work connected with aquatic activities.

Tomahawk, a national sophomore activity honorary, was founded at the University of Illinois in 1931 for the purpose of giving recognition to independent freshman men who are outstanding in activities. Its main interests are to build greater bonds of friendship among independent men and to help the freshmen selected reach greater heights in service and leadership.

The Illinois chapter advisor, Calvin Sifferd, is advisor to the national organization, which at present consists of six chapters. Past members of the local chapter are now national officers.

Tomahawk sponsors a scholarship given to a deserving sophomore independent who is not a member of Tomahawk. In addition, it provides ushers for Dads Day Stunt Show and, in cooperation with its Purdue chapter, sponsors a traveling trophy presented to the winner of the Illinois-Purdue football game.

ORGANIZATIONS

The role which organizations and societies are playing is becoming increasingly important in modern progressive education. Through them the student is able both to demonstrate and to enjoy the knowledge gained in the classrooms and from books.

The many organizations, clubs, and societies represented on the campus afford the student an unexcelled opportunity to develop a well rounded personality and social adeptness which will help him evolve into a leader of the future.

In selecting an organization, a wise student will be careful to choose one which pertains to his chosen field. Through his association he is able to meet and converse with prominent men, participate in field trips, and be up to date on the latest advancements in his major field.

Through these different organizations, a student has the very important chance of applying and thereby increasing his classroom knowledge through practical situations. Equally important to this, however, is the opportunity afforded the student to engage in the numerous social activities held by his organization and thereby to have a chance to develop his personality and character as well as his knowledge of his chosen field.

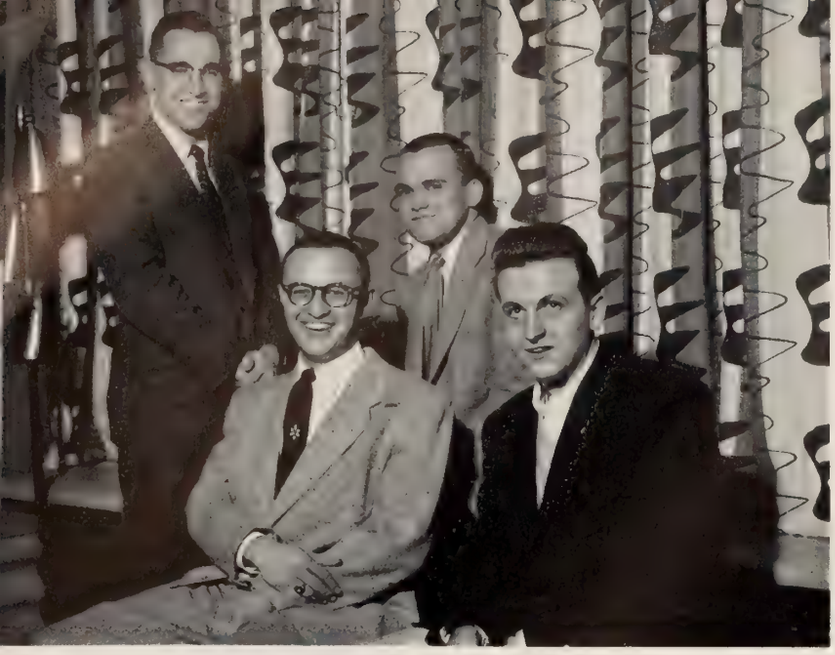

The following pages contain the organizations and societies here at the University of Illinois. It is hoped that through this section in the Illio the students will recognize the work and accomplishments of those who are active members.

The Illini Accountancy Club is an organization designed to promote interest in the science of accountancy and to aid the student in receiving information of the accounting activities in the business world. Membership is not limited to majors in accountancy, but the program is designed for them.

Normally, six meetings are held each year. The subjects of income tax, cost accounting, public accounting, controllership, and general accounting are discussed. A speaker, prominent in the branch of accounting to be reviewed, is invited to attend the meeting and comment on the present activities in his field. A field trip to a large industrial firm in a nearby city is planned and executed during the year.

The combined Student Branch of the American Institute of Electrical Engineers and the Institute of Radio Engineers functions under the auspices of the national organization of the same name. Its purposes are to provide a general picture of how electrical engineering is applied to industry and to further the professional developments in the field of radio. Membership is composed of students in the fields of power, communications, and illumination.

Talks given throughout the year by visiting engineers and other outstanding men in the business world afford the members an opportunity to obtain a broader picture of the electrical industry than is possible through just the classroom work alone.

The AIEE-IRE sponsors the St. Pat's Ball, the engineering open house, and the senior-faculty banquet.

Dairy Cattle Judging Team—Top row: Earl Kingman, Prof. Emmett Orminston, Donald Plote
Bottom row: Rolland Main, Christopher Kunkel

Since its establishment here at the University of Illinois, the Dairy Production Club has worked hard to encourage and promote interest in dairying and the field of dairy science. They hold monthly meetings to which prominent men in the field of dairying are invited to attend and take part in the program. They also hold an annual Student-Faculty Smoker and Dairy banquet, a Spring Showmanship, and a Dairy Judging Contest.

This organization, as well as being prominent locally, has won acclaim nationally. This year the College Dairy Cattle Judging Team placed third at the National Dairy Cattle Congress at Waterloo, Iowa, and first at the International Dairy Show in Chicago.

Hoof and Horn is a club for those agriculture students who are interested in the field of animal science. One of the purposes of this organization is to enable students to become better acquainted with their fellow students and professors. The experience and knowledge gained in the organization can be applied to classroom work as well as to actual use on the farm.

This year some of its activities included sponsoring the Little International Horse Show, holding the annual Spring Barbecue, honoring the outstanding senior club member, and awarding keys to the outstanding livestock judges in the Animal Science 101 and 103 classes.

Highlights of the spring semester included the Spring Judging Contest and the Livestock Showmanship Contest.

Orchesis offers men and women of the university the opportunity for creative dance study, composition, and performance. Also of primary importance in Orchesis's goal is to stimulate interest in dance as an art form and to foster standards of performance, appreciation, and understanding of this art in the community.

A yearly concert in the spring, given in conjunction with the Contemporary Arts Festival is the major activity of this organization. Each year Orchesis sends one or more of its members on a dance scholarship during vacation to a school of their own choosing.

Orchesis also sponsors concerts by visiting artists and organizes symposiums in which other colleges are invited to participate.

The University of Illinois Rifle and Pistol Club is chartered and recognized by the National Rifle Association of America.

Membership is open to the students, staff, and employees of the University who are interested in competitive shooting. For new members who want instruction, there are National Rifle Association Instructors to help them. Rifles and pistols are furnished to members at no cost.

Throughout the school year, members compete within the club. Each year the club sponsors the Annual University of Illinois Invitational Rifle Match. This year the Illinois State Gallery Championships were held here.

The purpose of the club is . . . MORE AND BETTER SHOOTING SO THAT AMERICA MAY ONCE MORE BE A NATION OF RIFLEMEN.

RELIGIOUS ORGANIZATIONS

Important in the life of students on campus is their church. Representing this interest are the religious organizations which are student governed and supported. They all have a student council which is made up of students and church staff members and which governs and oversees the activities of the foundation.

The primary object of these organizations is to supply the spiritual needs which cannot be found in the classroom. Each respective foundation seeks to instill the importance of religious values through the conducting of services, by giving credit courses in religion, and by maintaining libraries which contain religious literature.

Besides their religious emphasis, these organizations radiate a very important secondary service—namely culture. Choral groups, forums, discussion groups, and lectures all help to contribute to the development of a well-rounded personality.

The churches also work to provide for students another very important item—namely a social life. These churches provide such social activities as coffee hours, picnics, dances, mixers, and supper clubs. At these supper clubs the students can obtain good, well-balanced Sunday evening meals for a very small fee. Besides the meal, they are furnished with constructive discussion groups, entertainment, and a chance to meet and talk with other students.

All the campus foundations are open to any and all of the students who wish to use them, and all of them have libraries, recreational facilities, and a nice friendly atmosphere which all students are free to use, share, and enjoy.

In the following pages of the Illio appear the religious foundations on campus which represent many religious denominations.

The B'nai B'rith Hillel Foundation endeavors to further the knowledge and appreciation of the Jewish religion and culture. It offers students Jewish life and fellowship through the observance of the Sabbath and other Holy days, establishes an all-inclusive community framework for Jewish students of varying interests and opinions, and cooperates in the interfaith programs of the University.

Hillel Foundation is open to all students on campus. They are welcome to make use of the library, lounge, recreational facilities, study rooms, record collection, or any other of the many services of the foundation.

Hillel is governed by a Director, his staff, and student leaders who comprise the Hillel Student Council.

Newman Foundation, the Catholic student center, works to deepen the spiritual and enrich the temporal life of its members.

Saint John's Catholic Chapel is the focal point of the foundation. Mass is offered daily and Sundays, and the students are given opportunity to receive the Sacraments frequently. Students serve as members of the choir and ushers, and are in the Altar Society.

Newman Club is the student group which, directed by its officers and committee chairmen, plans religious, educational, and social programs for its members. Corporate communion breakfasts, lectures, discussions, an arts festival, dramatics, intramural sports, a spring formal, and varied socials are some of the club's activities. There is also a special league for graduate students and faculty members.

ARMED FORCES

Through the officer's reserve training corps unit here at the University of Illinois, one may obtain a commission in either the Army, Navy, or Air Force.

Coordination of the three ROTC units is achieved through the Armed Forces Council. This Council is composed of the Army Cadet Commander and his Executive Officer, the Navy Midshipman Commander and his Executive Officer, and the Air Force Cadet Commander and his Executive Officer. In addition, each unit provides a junior to serve on the Council and the ROTC unit in charge for the current year provides a commissioned officer to act as advisor.

Functions of all three ROTC units include the Military Ball, the Camid Hop, the Veteran's Day Ceremony, and the Honors Day Formation.

ARMY

The Army Reserve Officers Training Corps has been in existence at Illinois since the University's establishment and has constantly increased in strength through the years.

Colonel Frank Leakey, senior officer and academic head of the Army department, is Commandant of Cadets.

The cadet governing body of the Corps is the Military Council, which consists of ranking senior cadets from each of the service branches plus delegates from the three military honoraries: Scabbard and Blade, Phalanx, and Pershing Rifles. This group acts as a sounding board for student affairs and as a liaison between the cadets and the Commandant. During the 1954-55 school year, the Council was presided over by Cadet Colonel Richard Rayburn, Brigade Commander of the Army ROTC.

AIR FORCE

The primary source of officers to lead our Air Force is the Air Force Reserve Officer Training Corps of which the University of Illinois has one of the largest wings.

From the Wing Commander down to the freshman basic, the Wing is operated by the student officers and guided and supervised by the regular Air Force personnel. The cadets are given as much responsibility as possible so as to train them to assume positions of responsibility when they are called to active duty.

Besides classroom and drill floor instruction, field trips to Air Force bases and orientation flights provide opportunities for the cadets to become more familiar with the primary mission of the Air Force—flying!

THE NAVY

The youth of America today have a challenge in the opportunity to serve the nation as officers in the fighting fleet of the United States Navy.

The Naval Reserve Officers Training Corps at the University of Illinois is composed of 280 midshipmen who are required to study twenty-four academic hours of Naval subjects which are integrated with their regular college curriculum.

Upon graduation, a midshipman receives a commission in the Navy at the rank of Ensign or in the Marine Corps as a Second Lieutenant, and is then immediately assigned to active duty in his respective service.

Pershing Rifles, a national honorary military society, is one of seventy-seven companies all over the nation. Company C of the Third Regiment of the organization was installed at Illinois in 1931 and since that time has maintained a reputation of having one of the largest and most active units in the country.

Members are selected from the basic ROTC cadets of all three branches of service and the qualifications sought are military scholarship, leadership, ability, and interest so that the national ideal of promoting leadership and efficiency in military tactics is carried out.

Pershing Rifles has an organized rifle team but most outstanding is its three drill teams which include the regular, crack, and German Castle Guards.

Phalanx is a national military honorary and professional fraternity which was established at the University of Illinois in 1925. Its members are chosen from the advanced corps cadets in the Army, Navy, and Air Force ROTC program. Membership is based upon the recommendation of the Unit Directors of these various branches and the active members of Phalanx.

As stated in its constitution, "The purpose of this fraternity shall be to promote the interest of military training, to foster the spirit of fellowship among military men, to aid in the preparedness of this country, and to implant in its members the discipline so necessary, not only in a military enterprise, but in every walk of life."

The purpose of Scabbard and Blade, national military honorary fraternity, is to unite in closer relationship the military departments of American universities, to have a more active part and a greater influence in the military affairs of the community, to encourage good qualities in officers, and to promote friendship among the cadet officers.

Organized on the Illinois campus in 1909, it now has a national membership of over 62,000.

Members are chosen yearly on the basis of merit, leadership, and all around ability from the advanced corps of the Army, Naval, and Air Force ROTC.

Scabbard and Blade is active each year in the Military Ball, the Camid Hop, and in awarding outstanding military students .

PENN STATE

A record Illinois opening day crowd of 54,094 watched in surprise as Penn State nipped the Illini 14 to 12 at Memorial Stadium.

The Illini scored first after 4:10 of the opening period. Abe Woodson made the touchdown, and J. C. Caroline attempted the extra point, but missed. Penn State replied with a touchdown and extra point eight minutes later. The visitors again pushed over in the second quarter. At the half the score stood Penn State 14, Illinois 6.

The final score came just ten plays after the second half began, as Woodson roared over from the 17 yard line. Bob Wiman's try for the extra point struck the crossbar and bounced back onto the field.

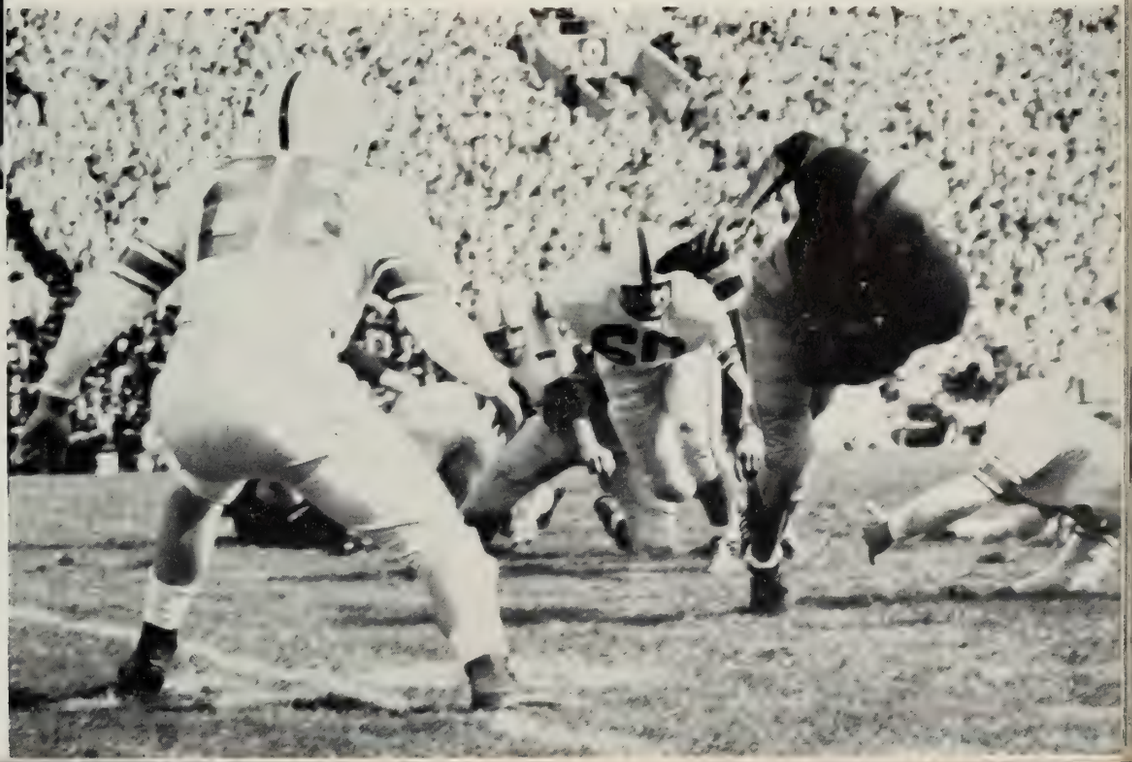

The heralded Illinois running combination of Caroline, Woodson, and Mickey Bates failed to perform as expected. The Penn State defense played superbly, thereby smothering many Illini scoring efforts.

Em Lindbeck

Steve Nosek

OHIO STATE

Ohio State took vengeance on Illinois and butchered the Illini 40 to 7 before 70,000 "I" Men Day spectators. It was nearly a duplicate of last year's 41 to 20 surprise Illinois win over Ohio.

Bob Watkins paced both teams with 112 yards and two touchdowns.

J. C. Caroline, Illinois' lone bright spot, ran a total of 81 yards which represented all of Illinois' total rushing except for two yards.

In the first quarter, Watkins sped 41 yards for the first touchdown. Tad Weed kicked the extra point. Six plays later it was 14 to 0.

In the second quarter, Watkins scored again. Weed kicked the extra point making the score 21 to 0.

Bucky Tate

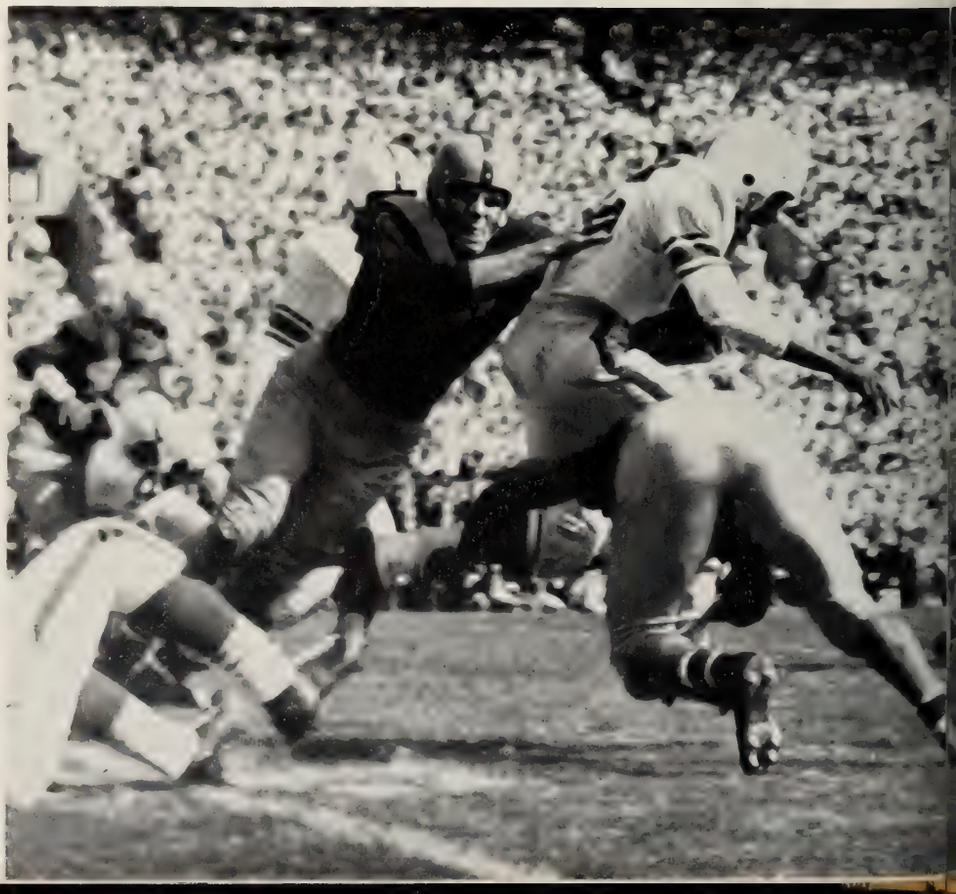

J. C. Caroline

Any hope for the Illini vanished when Ohio went 99 yards for its fourth touchdown. Weed converted.

Just 21 seconds later, Ohio again scored but missed the placement kick making the score 34 to 0.

Illinois scored its only touchdown in the fourth quarter. Caroline intercepted a pass and scored. Jan Smid kicked the seventh point.

Ohio evened that touchdown with its last score of the game.

MINNESOTA

Herb Badal

Minnesota twice capitalized on Illinois' errors, converting fumbles into touchdowns, as they edged the Illini 19 to 6.

The Illini marched 73 yards in the third quarter for their only touchdown with J. C. Caroline scoring from the third. Jan Smid's extra point try was blocked. Minnesota scored once in each of the first three periods.

Statistics showed that Illinois was much improved over the first three games of the season, but the Minnesota backfield ran well, and by taking advantage of the Illinois errors, managed to plunge over three times.

Illinois' offense, in a season-long paralysis, came to life just once during the third quarter scoring drive.

PURDUE

The Fighting Illini lost a 28 to 14 battle to Purdue at Ross-Ade Stadium before 46,000 Purdue Homecoming fans.

Despite the loss of All-American halfback J. C. Caroline, out because of a shoulder injury, the Illini played their finest game of the season. With Abe Woodson turning in the best game of his career, the Illini running attack gave the Boilermaker defense more trouble than had been anticipated.

Bill Murakowski scored the initial Purdue touchdown in the first quarter. Len Dawson kicked the extra point. The Illini marched 71 yards to the Purdue 14 yard line; Woodson then ran over the center of the line for the score. Dawson passed to end Lamar Lundy for a score in the second quarter. The score stood 14 to 7 at half-time.

In the third quarter Purdue tallied again, making the score 21 to 7. Em Lindbeck then hit Mickey Bates and Dean Renn on two passes, moving the ball to the Purdue 23 yard line. Ken Swienton swept around left end for the score. Murakowski bullied his way downfield for the final score.

MICHIGAN

Michigan used the "transcontinental," the cross field pass play, with 20 seconds to play in the second quarter to score the deciding touchdown in the 14 to 7 battle.

Illinois gave this game everything for its first Big Ten victory, but fumbles and other errors hurt the cause.

A penalty nullified a 61 yard run for a touchdown by Abe Woodson in the second quarter.

Illinois scored first when Woodson climaxed a 72 yard drive by shooting the final six yards. Bob Wiman kicked the extra point.

Michigan immediately tied the score. Lou Baldacci ran over from the six yard line. The extra point was made.

Then came Michigan's 89 yard move and its climatic "transcontinental" pass to forge ahead to stay. There was no scoring in the second half.

Michigan outgained the Illini 285 yards to 275 yards. Illinois led in rushing, 190 yards to 173 yards; however, they were deficient in the air, 85 yards to 112 yards.

Harry Jefferson carried the ball 21 times for 93 yards.

WISCONSIN

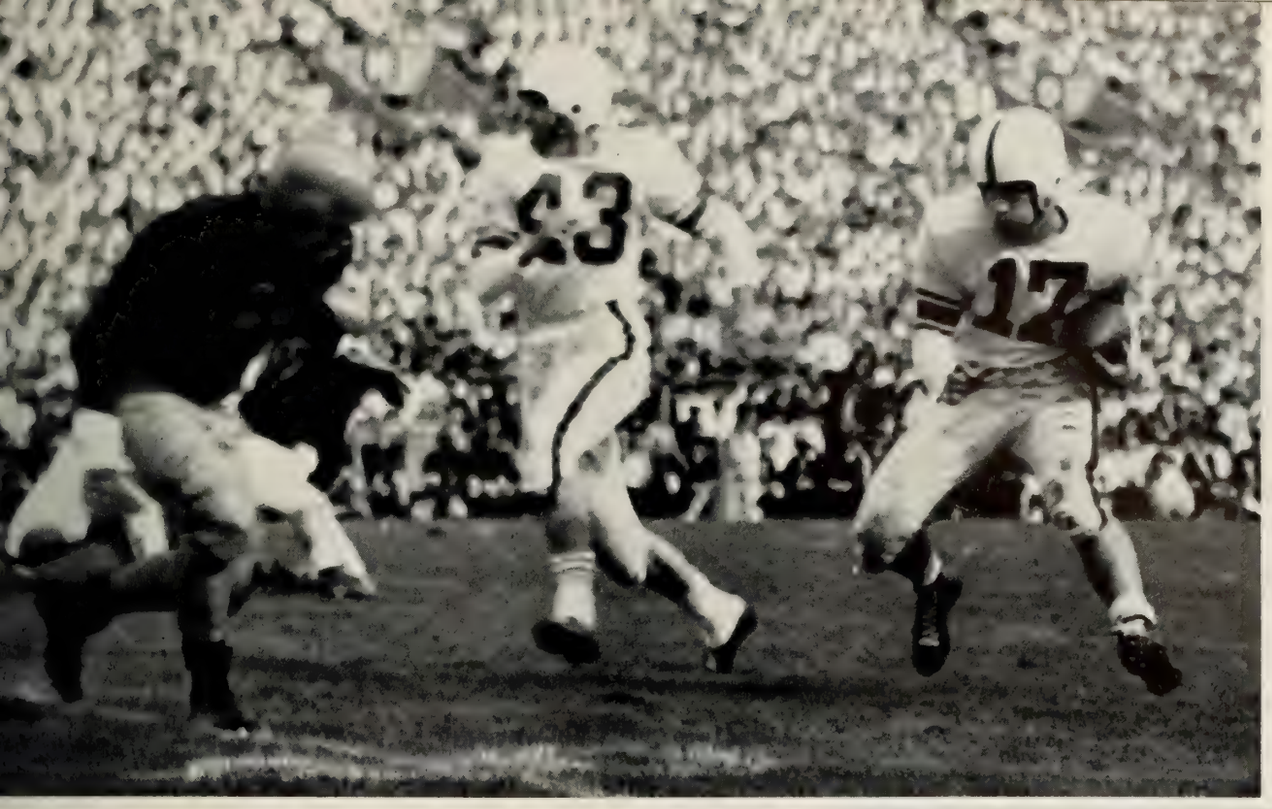

Wisconsin had to come from behind twice as it defeated Illinois 27 to 14 before a capacity Homecoming crowd.

The Illini maintained a 14 to 7 lead at half-time, but Wisconsin pushed over three times in the final quarter to win the game. Two good plays by Illinois contributed heavily to its defeat. Number one, Charley Butler rushed in and blocked a punt in the third period, but the ball bounced into the possession of a Wisconsin half-back. This led to a Wisconsin score. Number two, Em Lindbeck intercepted a pass but an interference penalty gave the ball back to Wisconsin on the Illinois 14. From there Wisconsin scored in three plays.

Captain Jan Smid was credited with 14 solo attacks and seven assists as he stopped a Wisconsin player every three minutes. The unlucky breaks suffered by Illinois virtually handed the game to the Badgers.

NORTHWESTERN

Illinois ended its football season by losing to Northwestern 20 to 7 in Memorial Stadium.

J. C. Caroline pounced on a Northwestern fumble on the Northwestern 30 yard line in the first period. Benefited by a pass interference called on Northwestern, Harry Jefferson scored from the one foot line. Bob Wiman added the extra point.

Hardly three minutes had elapsed in the second period before Northwestern recovered an Illinois fumble on the Illini four yard line. It took them just three plays to score. Northwestern tallied again in the second and third quarters.

SYRACUSE

The Illini took matters into their own hands and beat Syracuse 34 to 6.

In the second quarter, Em Lindbeck pitched to Abe Woodson for the first touchdown. Bob Wiman converted. J. C. Caroline then whipped around right end on a double reverse for the second touchdown. Wiman again made the extra point.

In the third quarter, Woodson crashed over the line for the third touchdown. Wiman's kick was blocked. Jefferson ran 89 yards for the fourth touchdown. Wiman again converted.

Illinois' last score of the game was made by Bob Graeff. Caroline converted.

STANFORD

Illinois lost its first game to a Pacific coast team under Ray Eliot by losing to Stanford 12 to 2.

Illinois got its only points on a safety. Bob Wiman grounded Ernie Dorm in the safety zone.

In the second quarter Stanford scored twice. The team marched 80 yards in 11 plays for the first touchdown. The kick was blocked. The second touchdown was scored on a pass. The extra point was missed.

Despite excellent individual performances of several Illinois players during the 1954 season, the over-all team accomplishment fell short of the composite record of the opponents in most departments.

In passing and punting, the Illini showed definite superiority over the nine teams they faced.

The one-two passing punch of Em Lindbeck, the Big Ten's most accurate thrower, and Hiles Stout, who proved himself with 13 completions for 259 yards against Northwestern, proved a distinct advantage for the Illinois aerial game.

The Illini gained 1016 yards by passing compared with the opponents 663 yards.

Illinois punters averaged 37.4 yards in 41 kicks compared with 35.3 yard average for the opposing teams in 35 tries.

Although he missed several games because of injuries, Abe Woodson led the team in scoring with 42 points. J. C. Caroline was the leading punter, averaging 40.4 yards in 17 kicks.

Twenty-nine players of the 1954 football team received letters. Caroline was elected 1955 captain by his team-mates. Jack Chamblin was selected the most valuable player.

For as long as most of the students here at the University of Illinois can remember, they have always been able to be extremely proud of the basketball team. It must, of course, be admitted that the Fighting Illini do not consistently bring home Big Ten Championships; but they are always with the contenders in the one, two, or three positions. Coach Harry Combes is the person responsible for this remarkable and envious record. This years proves to be no exception.

Starting off the year with five quick wins, the Fighting Illini showed the fans that they were in for a tremendous season. This was especially true since one of the opening games included a romp over Missouri which was rated very high in the AP polls.

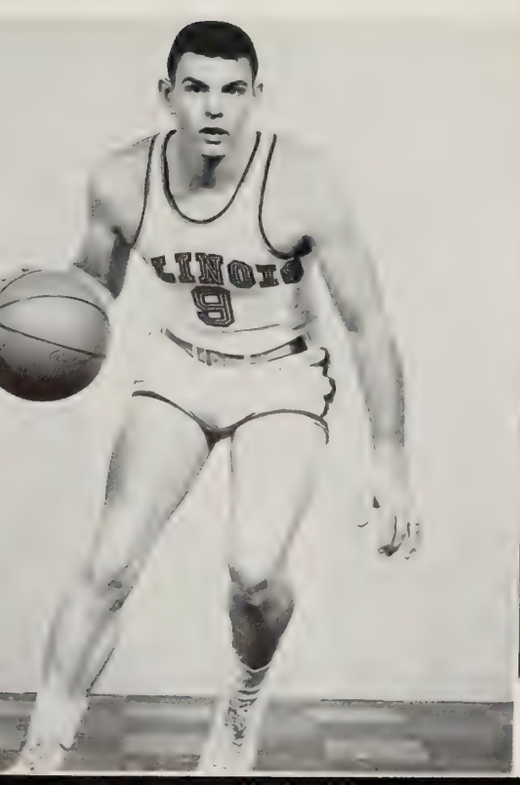

Morris Sternick

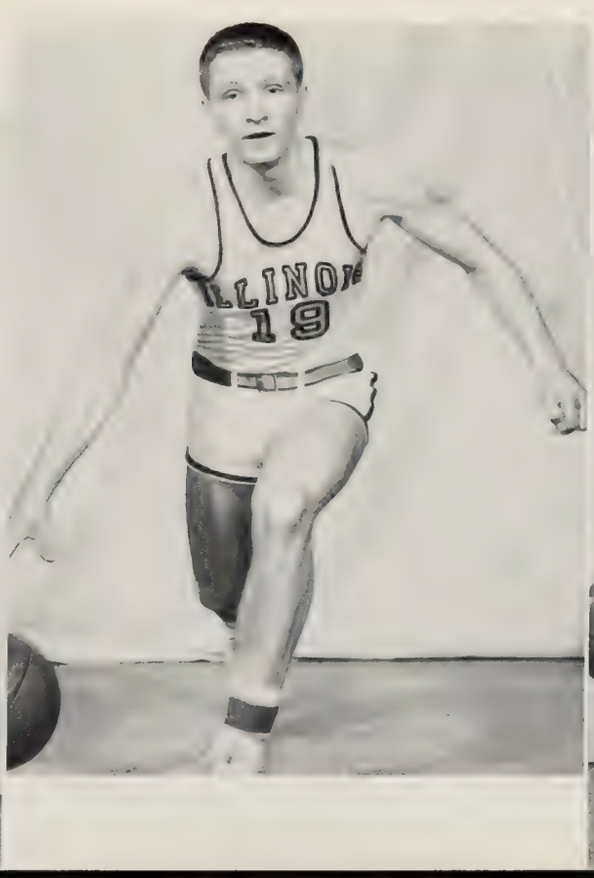

The season, when it had just started, produced some sparkling highlights. Prime among these was setting a Big Ten scoring record in the beating of Northwestern; and not to be overlooked was the crushing blow dealt to Indiana where the Illini came close to making one hundred points again.

The Big Ten race was close when Illinois went up to Minnesota to play off the tie in the number one slot. Minnesota who seems to excel in overtimes (they had just previously beaten Purdue in six overtimes) managed to win a lead in the second overtime against us and hold it. The thing which hurt Illini fans the most was that the final gun went off a fraction of a second before the ball left Bill Altenberger's hands with what would have been the winning basket. The way it stands now; Illinois would have to win the remainder of its games, and Minnesota would have to drop one.

It seems proper at this time to make mention of the great athletes and sportsmen which Illinois has for its representatives on the basketball floor. George Bon Salle and Hiles Stout both turned in excellent play in the center position. Doing outstanding pivot position playing and commanding the rebounds was standard procedure for these two. Bill Altenberger, Bill Ridley and Paul Judson seemed to match their brilliant defensive play with remarkable dexterity in shooting set shots and working the fast break. As for Bruce Brothers, it seems enough said that he has all those qualities which produce a great basketball player and was one of the mainstays of the team.

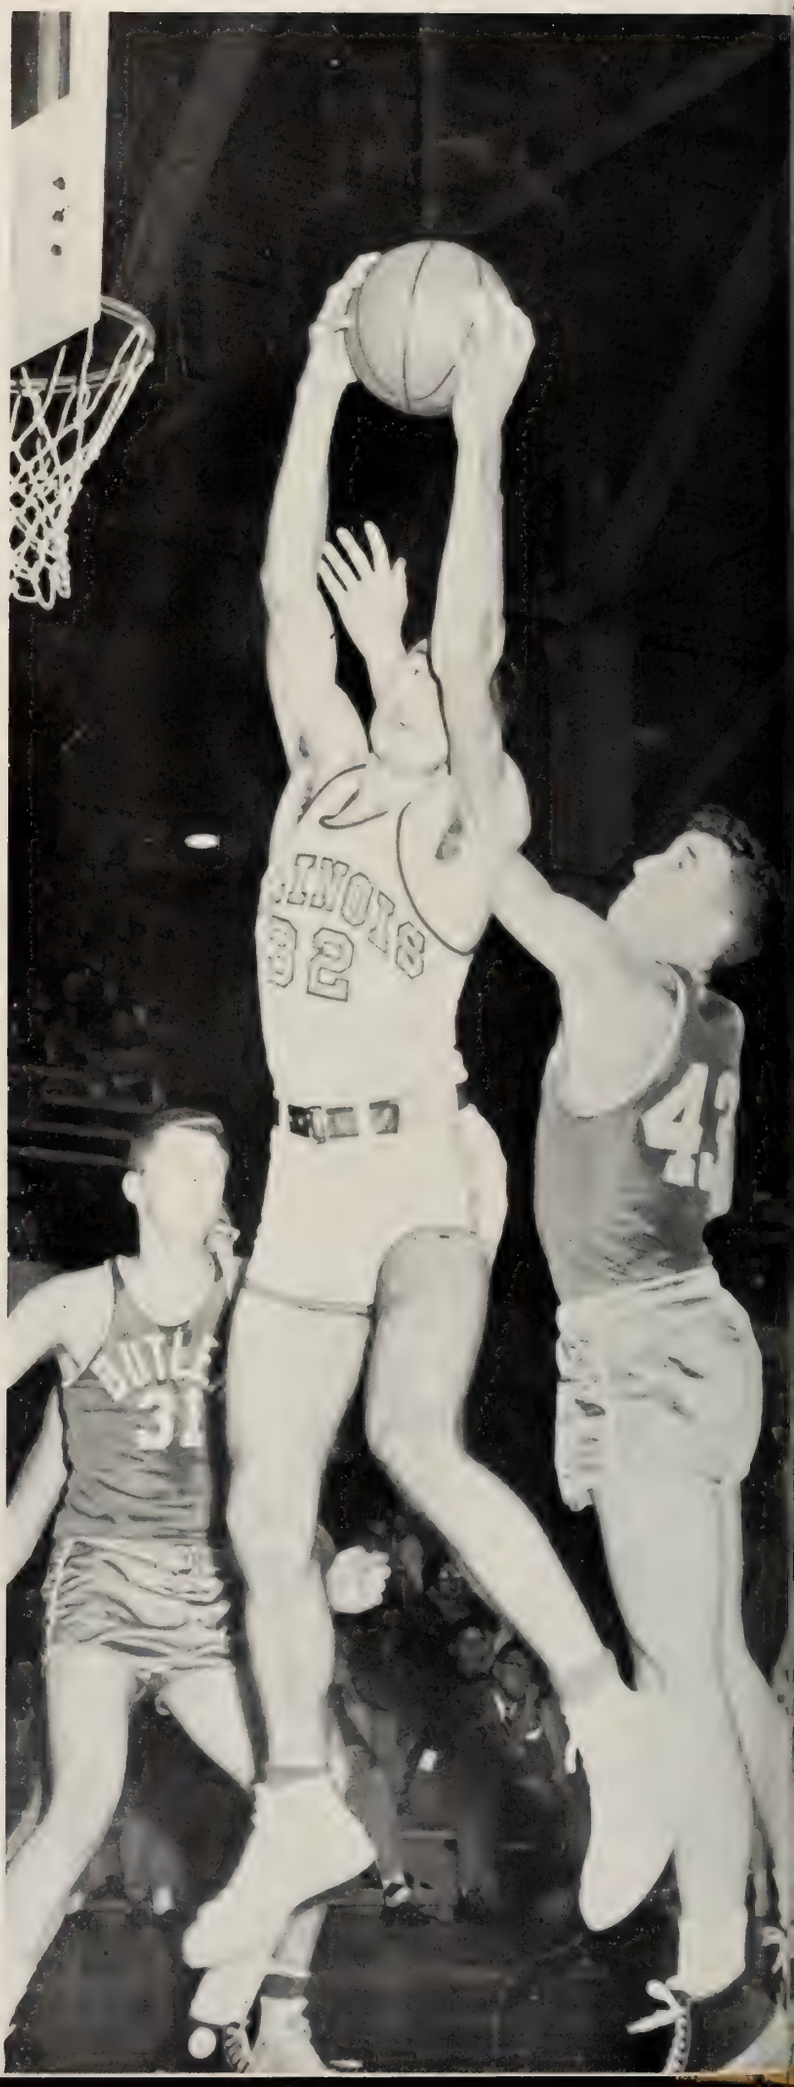

Adding the final touches that make the team great, Phil Judson, Harvard Schmidt, Morris Sterneck, Elmer Plew, Jim Burks, Richard Rapp, and Bill Bosnak fitted into the team so well that an onlooker could hardly notice when one of the starting members was absent. Since the majority of the team will be coming back, the students here can look forward to next season which could be sensational.

TRACK

Seeking their fifteenth (fourth in a row) Big Ten championship the Illini trackmen went into the 1954 season in top form with such contenders as Willie Williams, Cirilo McSween, Captain Joe Corley, Jim Wright, and Ralph Fessenden.

For the first time in history, three new distances—300, 600, and 1000 yards—were inaugurated.

Thirteen Illini qualified for the Big Ten Indoor Track championship. It was no surprise that Illinois won the meet for the fourth straight time. They won six first places and piled up a total of 55 points.

The four-man-mile relay team of McSween, Corley, Gene Maynard, and Fessenden, set a Drake record at the Drake Relays. They ran the mile in 3:12.6, which cracked the record set by Kansas in 1952 by half a second.

Illinois topped the Big Ten Outdoor Track meet with 57 points, winning eight out of fourteen events.

The "Rose Bowl" of track, the annual contest between the Big Ten and PCC was held at Northwestern. Led by Illini Williams, Corley, Fessenden, Maynard, and Willie Thomson, the Big Ten upset the coast trackmen 74-58.

In the N.C.A.A., Illinois placed second following the strong Southern California team.

BASEBALL

With eight lettermen and one rookie in the starting line-up, Illinois began the 1954 baseball season with a good chance of becoming the 1954 champions.

The team had been hampered by bad weather, getting outdoors only five days before the opener with Valparaiso. They beat Valpo 2 to 1; also, Glenview 11 to 5.

However, all thoughts for the Big Ten championship were dimmed when the team played poorly, losing four and winning three, on its southern trip. Pitching appeared to be the main problem. This proved Coach Eilbracht's prediction that pitching would be the key to the success of the Illini.

Illinois beat Iowa in its first loop game 6 to 5 with great relief pitching by John Sabalaskey. Due to his splendid relief performance, Sabalaskey was given a starting berth.

Unsteady pitching and fielding were the factors that caused the team to drop two games to Minnesota, 4 to 0 and 2 to 1. Shuffling the line-up for the Illinois–Wesleyan game brought results for Illinois. Behind the pitching of Elmer Koestner, the team won 3 to 1.

In the next three conference games, the Illini again turned loser by losing to MSC 7 to 3 and Michigan 6 to 1 and 3 to 2.

Apparently undaunted by non-conference teams, Illinois went on to win from Southern 7 to 4 and Arkansas 8 to 7.

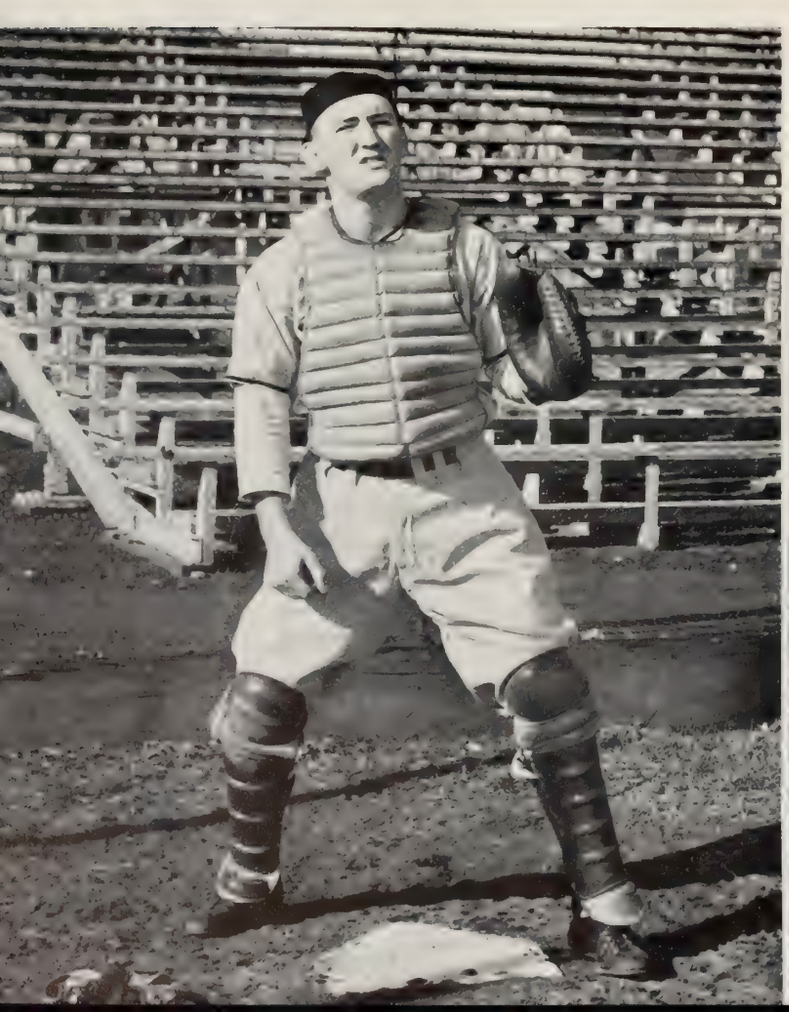

Indiana ended its losing streak at 28 by trouncing Illinois 7 to 5.

The team split a double header with Ohio State, winning the first 4 to 3 and losing the second 7 to 1. By losing to Northwestern 4 to 0 and Wisconsin 6 to 5 and 3 to 0, the Illini brought their losing streak up to four straight.

After defeating Normal 4 to 3, Illinois battled with Purdue to escape the cellar in a three game set. However, both teams ended in a tie for last place.

The last two games of the season were victories for the team, beating Peoria 8 to 2 and the Chanute Air Force Nine 11 to 5.

For the entire baseball season the team won 16 and lost 15. They had a 12 to 4 record against non-conference teams while a 4 to 11 record against conference teams.

Dick Browning

Again the Illinois gymnastics team proved itself superior by taking the Big Ten championship for the fifth time and placing second in the NCAA champion meet.

Tom Gardner, Frank Bare, and Jeff Austin paced the Illini in the Big Ten meet. Bare regained his sidehorse title, Gardner gave the evening's best performance to become a surprise champion in the parallel bars. Austin outclassed all others in free exercises.

Bare's injury in the preliminaries for the NCAA held back the chances for the Illini to gain the title, but the team finished in second place, with 68 points, behind Penn State with 137 points. Dick Browning copped the tumbling championship.

In the season opener against MSC, Bare and Austin led the team to a 55 to 41 win with five first places in six events.

The Illini closed the '54 season by defeating MSC 52 to 32; Indiana, 57½ to 38½; and Ohio State 57½ to 38½.

Coach Pond presented eight men with letters at the close of the season.

Tom Gardner was elected 1954-55 captain.

Five lettermen formed the nucleus of the 1954 wrestling team. Due to the recurrence of injuries, the team did not do as well as predicted.

The mat-men won their first three meets, which were against Great Lakes Naval Training station, Cornell College, and Indiana (their first Big Ten opponent).

Michigan, the 1953 champs, beat the Illini 19 to 11. However, the Illini again showed their spirit by defeating the Badgers 21 to 11 and the Gophers 18 to 14.

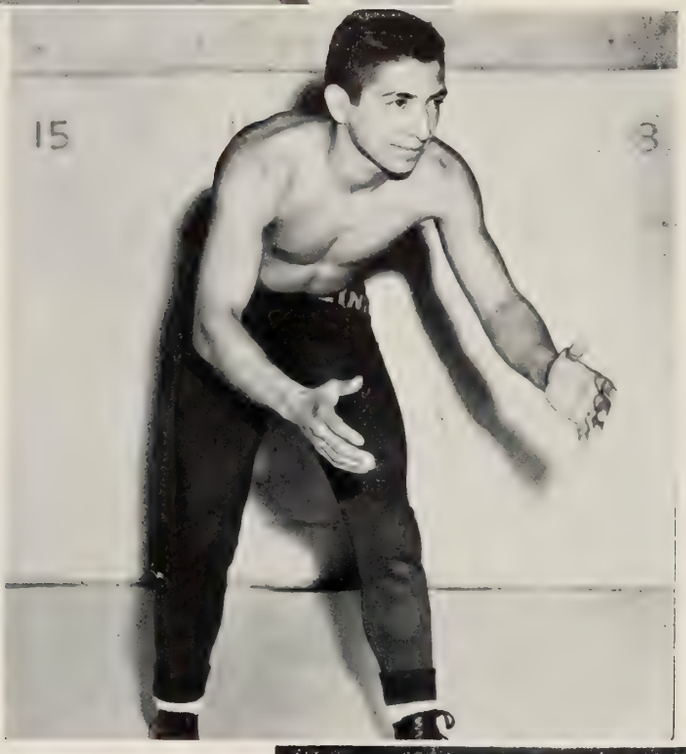

The mat-men ended the season by losing to Oklahoma A. & M. 26 to 4 and winning from Northwestern 20 to 6.

In the 24th Annual Big Ten championship wrestling meet at MSC, Illinois placed sixth.

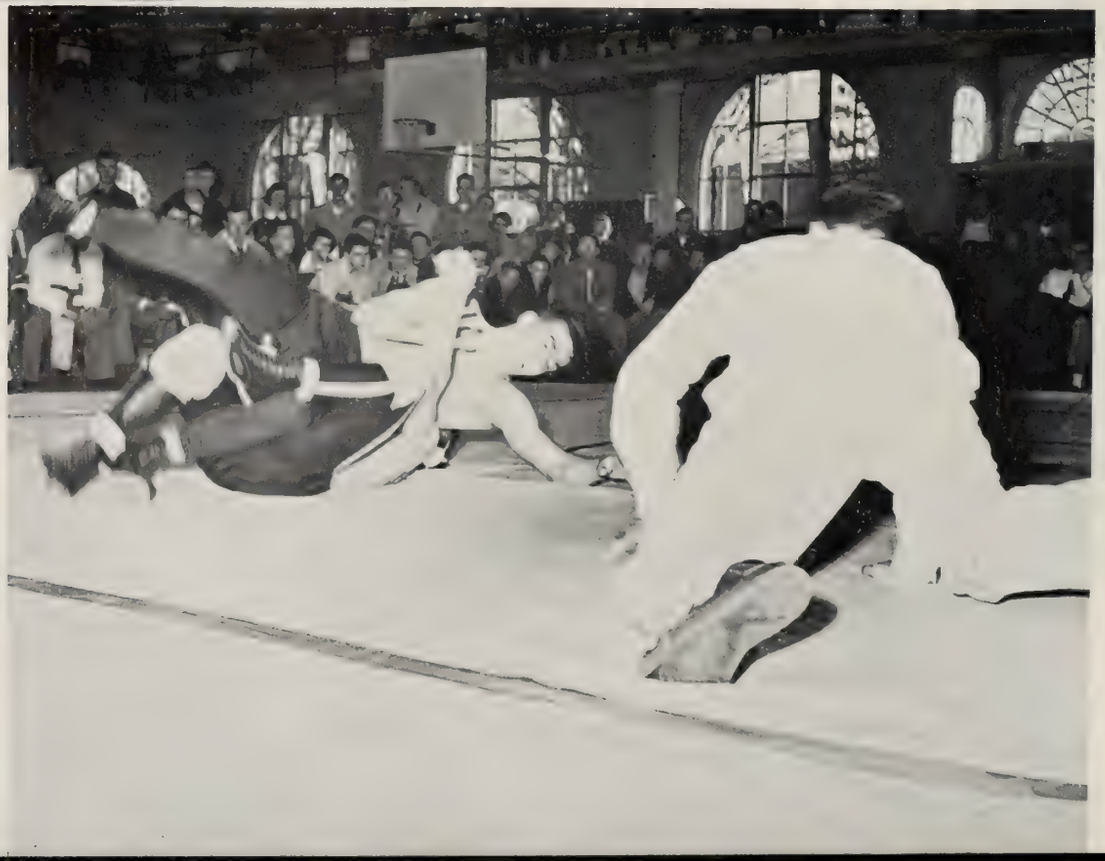

Illinois placed fourth in the NCAA meet held in Norman, Oklahoma. The team came in twelfth with 12 points. Twenty-five schools were entered in the meet.

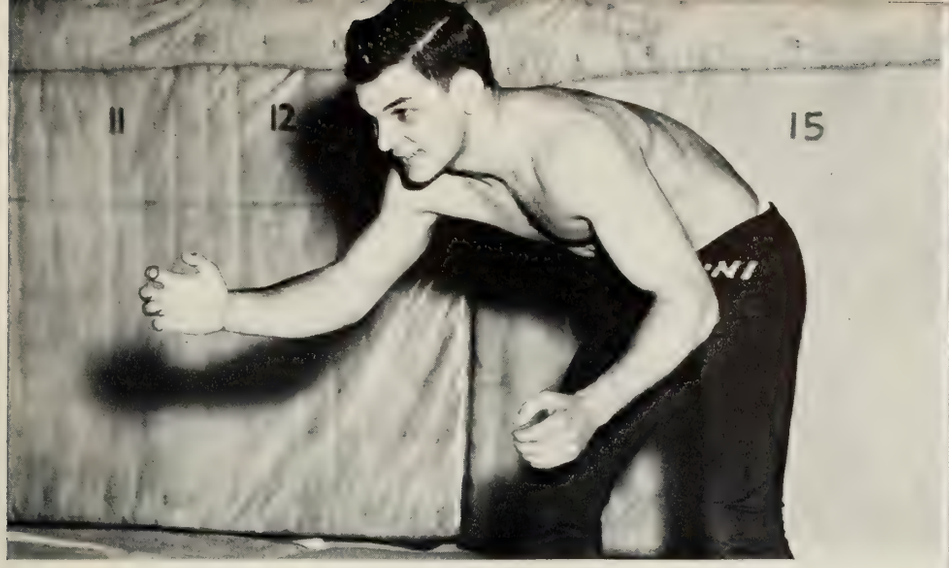

Larry Ten Pas became the first sophomore to win the Newt Law Award for the most valuable player. He also won the Paul Prehn trophy for scoring the most points during the season. He was second in conference play and third in the nation.

At Chicago in the NCAA meet, the Illini placed eighth. Velasco led the team with 21 points. Piling up 14 points, Velasco placed second in individuals.

Hailed as the most promising sophomore to come along in years, Velasco won a position on the All-American fencing team.

The Tribe of Illini is a social organization for all men on the campus who have earned a Major "I" in athletics. The recognized goal of every Illinois athlete is to win his "I" and become a member of the "Tribe." This organization gives the members a chance to get better acquainted and fosters good relations between the "I" men and the rest of the students. New members are elected and initiated after awards are presented in each sport.

The men leading this year's Tribe offer a representation from five different sports: Bill Turner, wrestling; Ken West, golf; Bruce Brothers, basketball; Wally Vernasco, football; and Jim Sandstrom, fencing.

MANAGERS

The Illinois athletic teams are managed by some of the hardest working and most vital men in the entire sports system. Behind the scenes they perform the tasks necessary for successful presentation of all athletic events at the University.

There are ten senior managers who are each assisted by two juniors and several underclassmen.

Junior Managers—Top row: Clarence Teagarden, Robert Roush, Chuck Foster, John Bryden
Second row: Frank Sternard, Robert Waltz, James Blattner, Fritz Heyl
Bottom row: Robert Shewchuk, John Murray, Don Ball, Richard Stone, Roger Gomien

Top row: Larry Thomson, Al Goss, Al Orput, Jeff Austin
Bottom row: Sandy Fralick, Elaine Erger, Jeannette Mathews

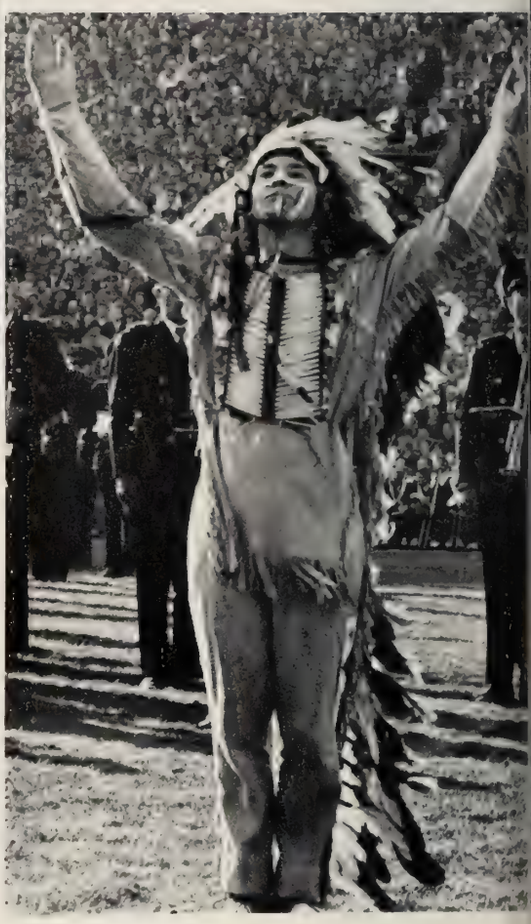

CHEERLEADERS

The Illini cheering squad, with cheers, yells, and acrobatic stunts, led the students, faculty, and alumni in backing the football and basketball teams.

Headed by Alden Orput, the cheerleaders increased the spirit among the Illinois rooters with enthusiastic pep rallies every Friday night before a home football game.

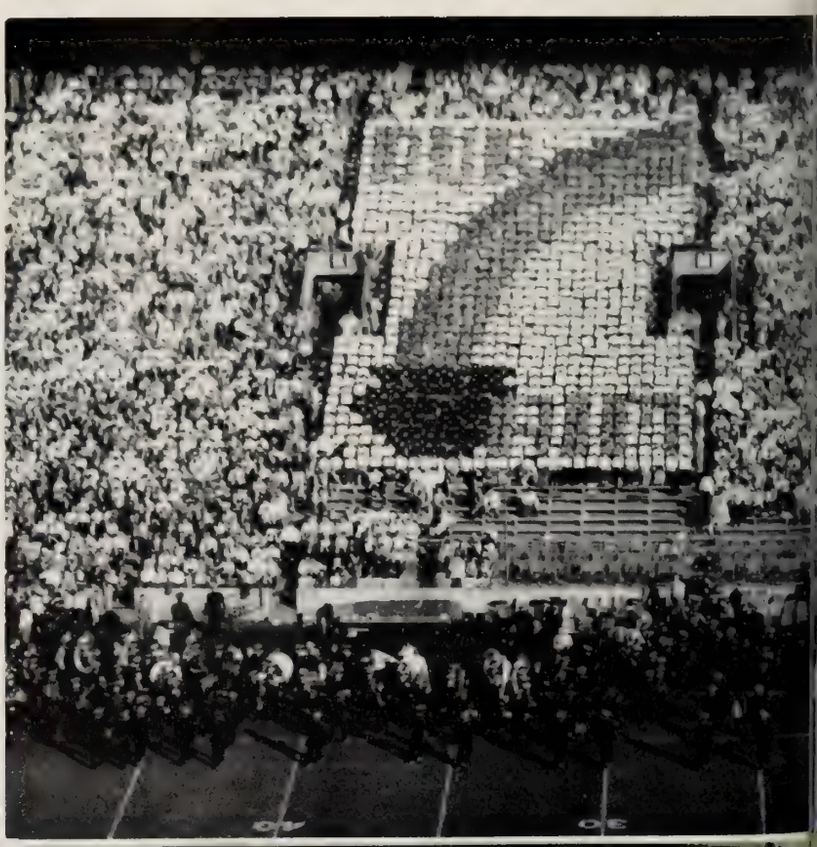

Several cheerleaders followed the team on out-of-town games.

Another "Famous First for the Illini" was the double Block "I"—the first double cheering section and the largest in the nation with 2200 students taking part. Block "I" was responsible for the filming of Block "I", the band, and the campus by 20th Century Fox movie studio.

Gaylord Spotts, Chief Illiniwek

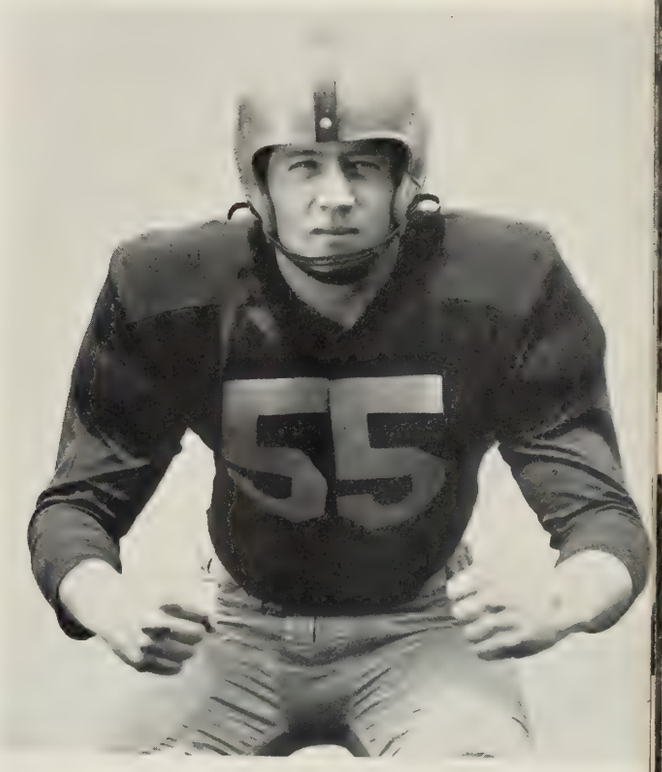

Athlete of the Year

J. C. Caroline, one of Illinois' outstanding football players of the 1953 season, was chosen the athlete of the year by the University of Illinois student body. J. C. was also named to the All-American team.

Most Valuable Player

Jack Chamblin, line backer on defense of the Fighting Illini, was chosen by his teammates at their annual banquet as the most valuable player. His stellar defensive play made him vital to the team.

Conference Medal Winner

Bob Lenzini was honored by being named the Conference Medal Winner of 1954. This honor is given to the University of Illinois' outstanding scholar-athlete. While participating in varsity football and track throughout the school year, he maintained an impressive scholastic average.

Senior Managers: Jerome Jaffe, Jack Olson

INTRAMURAL SPORTS

The University of Illinois' Department of Intramural and Recreational Sports plays a vital role in the extracurricular activities of the University student. The IM program furnishes the recreational activities a student needs to supplement his classroom work. By participating in intramural activities, a student receives the relaxation gained by a stimulating workout. The IM sports roster provides for competition on both the group and individual basis.

This department, sponsored by the Athletic Association, has Intramural, Recreational, and Co-recreational programs. The IM Rec Board, with Allen B. Klingel as faculty supervisor, directs the department. The Supervisor, Assistant Supervisor, Senior and Junior Manager, Chairman of the Officials Association, and representatives of the Intrafraternity Council, Men's Independent Association, and the participating Independent and Greek houses make up the Board. This Board sets all program policies and acts as a Protest Board.

Rec Board—Top row: Fritz Heyl, Frank Sternard, Jack Olson, Jerome Jaffe, Roger Gomien
Bottom row: Burt Wolf, Stanton Charney, Gordon Bloomberg, Stanley Felderman
Missing from panel: Allen G. Klingel

Junior Managers: Roger Gomien, Stanton Charney, Frank Sternard, Fritz Heyl

The IM department provides clean, wholesome competition for the students with a keen rivalry existing between the fraternities and the independent houses. Pre-season coaching and practice clinics are held before the competition begins in the various sports.

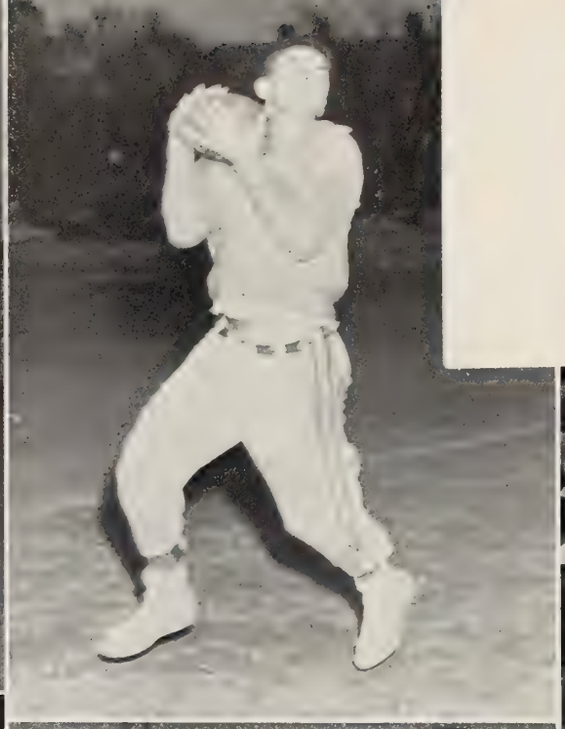

The recreational department provides activities for those interested in athletics for their own sake alone. Graduate students and the staff can enter in the special events and tournaments open for them in their own program.

The Co-Rec department provides sports where both men and women can team up in competition. Such co-rec sports are volleyball, bowling, and softball. Special activities clubs are formed by students showing a special interest.

Sophomore Managers—Bottom row: Larry Ericson, Thomas Neay, Leon Bonneur
Second row: Donald Welbourne, Richard McCaw, Ronald Minda
Top row: Wayne Marthaler, James Lundergan, John Melaniphy

W. A. A.

The Women's Athletic Association is responsible for the outstanding program of athletics available to Illinois co-eds. This organization believes in offering sports to women on campus in order to establish a deeper appreciation for the aesthetic value of sports.

W.A.A. offers recreation for all undergraduate and graduate women in volleyball, swimming, archery, table tennis, bowling, field hockey, fencing, golf, tennis, softball, basketball, and apparatus. It also sponsors Sports Day, grammar school and high school playdays, and other athletic functions during the year.

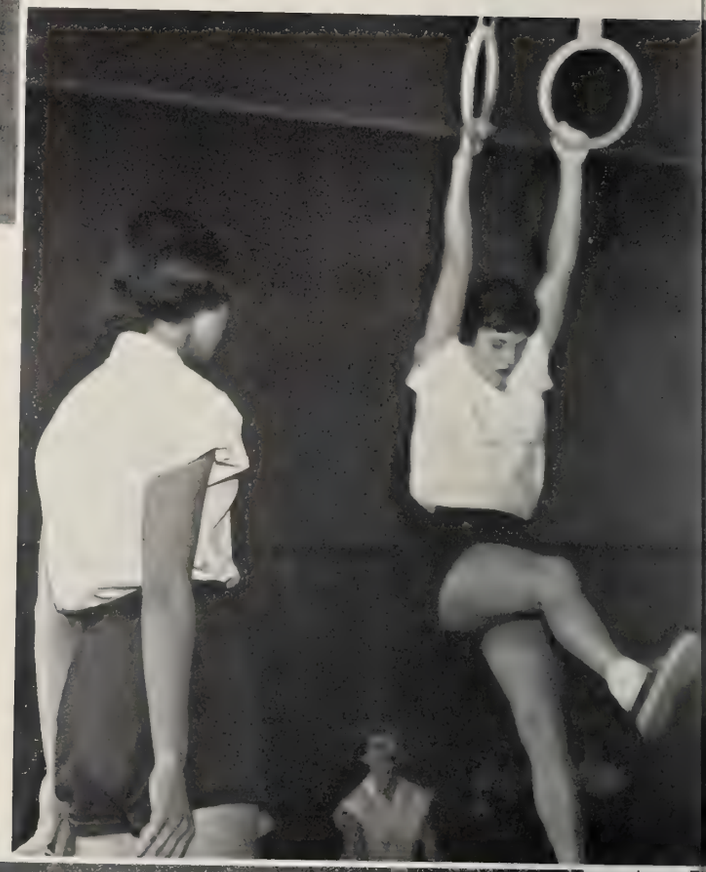

Two trophies are awarded yearly, one to the house accumulating the most points in team competition, and the other to the house having the highest percentage of participation.

After each girl completes one sport season, she is eligible for initiation. If a girl completes twelve sport seasons, she is eligible for her major "I", the same as the men's varsity award.

P. E. MAJORS' CLUB

Open to women in Physical Education, Health, Recreation, and Dance curricula, Physical Education Majors' Club is one of the professional organizations of the campus. Speakers from the various fields of physical education highlight the meetings held throughout the school year, while convocations serve to promote better relationships between the students and faculty of the department.

Intra-class competition in soccer, volleyball, basketball, field hockey, and softball provides experience in skill and teamwork as well as enjoyment for all club members. A program during Mothers' Day weekend and a reception at Homecoming are two of the highlights during each year. "Shorts," a club member project, is published four times a year.

BRONZE TABLET—1954

Election to Bronze Tablet is the highest scholastic honor awarded to seniors at the University of Illinois.

A senior who has been in the upper three per cent of his class in his respective college during his junior and senior years is entitled to have his name inscribed on the Bronze Tablet. This means he must have received Junior and Senior Honors.

High Scholarship maintained throughout any one of the four years at the University is awarded by College Honors. Seniors may also qualify for University Honors if they have earned College Honors twice and have maintained a scholastic average for their first seven semesters equal to or higher than the four-semester average of the lowest student recently chosen for University Honors from their college under the preceding qualifications.

Senior transfer students who have not been at the University for four semesters before graduation may achieve University Honors if their average for the past three semesters is equal to or higher than the four-semester average of the lowest student currently elected to Bronze Tablet. The average of their transferred credits for the year before they transferred must also be equal to the average needed for University Honors.

A special University of Illinois Scholarship Key is given to the recipients of University Honors.

The Chicago Professional Colleges opened another new building and activated new services during 1954-55, continuing the objective of providing the finest facilities in the nation for students enrolled in the health sciences.

The six-floor classroom and laboratory East Dentistry-Medicine-Pharmacy Unit was ready for fall classes. The $5,500,000 building is being used by the College of Pharmacy, creating space in the original college buildings to increase the work and enrollments of the Colleges of Medicine and Dentistry and the Graduate College.

The School of Nursing began a four-year college-level curriculum in the fall, of which the first year is spent on a liberal arts campus. The Research and Educational Hospitals activated another floor of the year-old, $7,400,000 addition and instituted Emergency Service on a 24-hour basis in new quarters. In recent years a Student Residence Hall for 405 men and women and a staff apartment building of 141 units were financed with bond issues.

Other teaching facilities of the University here include the Neuropsychiatric Institute, the Surgical Institute for Children and the Illinois Eye and Ear Infirmary. The Chicago Illini Union provides recreational and food service facilities for students, faculty and staff.

The professional colleges are in the nation's largest medical center, which already includes more than 12,000 persons and facilities of Cook County, state and Veterans Administration, as well as Presbyterian Hospital, Loyola-Stritch Schools of Medicine and Dentistry, and the Chicago Medical School.

COLLEGE OF DENTISTRY

The University of Illinois College of Dentistry was founded in 1892 and is located on the near west side in Chicago's vast medical center.

Already renowned for its facilities and faculty, the College is currently enlarging several of its dental clinics. This is consistent with the University plan for expansion and improvement in medical fields.

Unique in some respects in its methods of teaching, the College of Dentistry distributes instruction in both medical sciences and clinical practice throughout the student's four years of training. Clinical study and practice are not concentrated in the last two years as is the case in most dental colleges. During his freshman year the student is introduced into the clinics in order that throughout the four years he may better correlate his knowledge of the medical sciences with actual clinical practice.

The Chicago location provides an excellent source of patients for teaching material.

The field of dentistry is constantly growing in scope and service to humanity. With this fact in mind the College of Dentistry curriculum is designed to provide the dental practitioner wtih increasing confidence in his ability as a doctor, to interpret and manage the dental problems of a growing population.

College of Dentistry

COLLEGE OF MEDICINE

The University of Illinois College of Medicine is located in the medical center on the west side of Chicago. Within a radius of four blocks of the College of Medicine are hospitals with over 5000 beds available for clinical teaching. The University of Illinois Research and Educational Hospital and Neuropsychiatric Institute have over 700 beds, giving Illinois one of the largest university owned teaching hospitals in the country.

The College of Medicine became affiliated with the University in 1897, and in 1913 it became an integral part of the University of Illinois. In 1941, the staff of the Rush Medical School was added to the faculty of the College of Medicine, and that same year the Presbyterian Hospital became affiliated with the University. Other affiliated hospitals used for clinical teaching include: Cook County, St. Luke's, Grant, Illinois Central, and West Suburban in Oak Park.

Dean Granville A. Bennett

Research and Educational Hospital

Under the able administration of Dr. Granville A. Bennett is a faculty and staff of approximately 1000. Of these, over 800 are members who donate a portion of their time to instruction at the University.

Each year 166 students are accepted into the freshman class, with a minimum of three years of preparatory college work. The training received at the College of Medicine is designed to provide the student with a basic foundation of medical knowledge. With such a background, the young doctor can go on to further training leading to a career in general practice, the specialties, or medical education and research.

Dean Earl R. Serles

COLLEGE OF PHARMACY

September 27, 1954, saw the beginning of a new era in pharmaceutical education at the University of Illinois. The incoming students, including the largest freshman class yet admitted in the four year educational program, had available to them a building which contained the most modern and efficient facilities for pharmaceutical education and research.

For the first time in the educational program, there will be a full-sized, workable pharmacy, for student use and research in design, economics, and management of the retail store.

The completion of this building will mean facilities for progress in modern pharmaceutical theories and techniques, which will then be offered to the practicing pharmacist as post-graduate educational courses.

With this, the new beginning in pharmaceutical education, will occur a new beginning in pharmaceutical practice.

East Unit of the Dentistry-Medicine-Pharmacy building

GRADUATE COLLEGE

The quest for new knowledge and the stimulation of the basic objectives of scholarship and intellectual achievement are traditionally the responsibilities of a graduate college. A restricted number of highly qualified students, with or without previous professional training, are admitted for advanced work and pursuit of research in a chosen basic science field. It is the concern of the Graduate College to provide superior opportunity for the student of demonstrated ability in research.

The attraction of promising young investigators is encouraged by the awarding of University fellowships for their support and providing research funds to carry out investigations. An attempt is made to train individuals for future teaching and research positions in Colleges of Medicine, Dentistry, and Pharmacy, where the need for superior personnel is great. Properly accomplished graduates thus disseminate their investigative skills and intellectual influence to new centers for the advancement of the medical sciences. They become a direct reflection of the University's contribution to the advancement of civilization and general well-being of man.

Dr. Milan V. Novak, asssociate dean of Graduate College

MEDICAL STUDENT COUNCIL

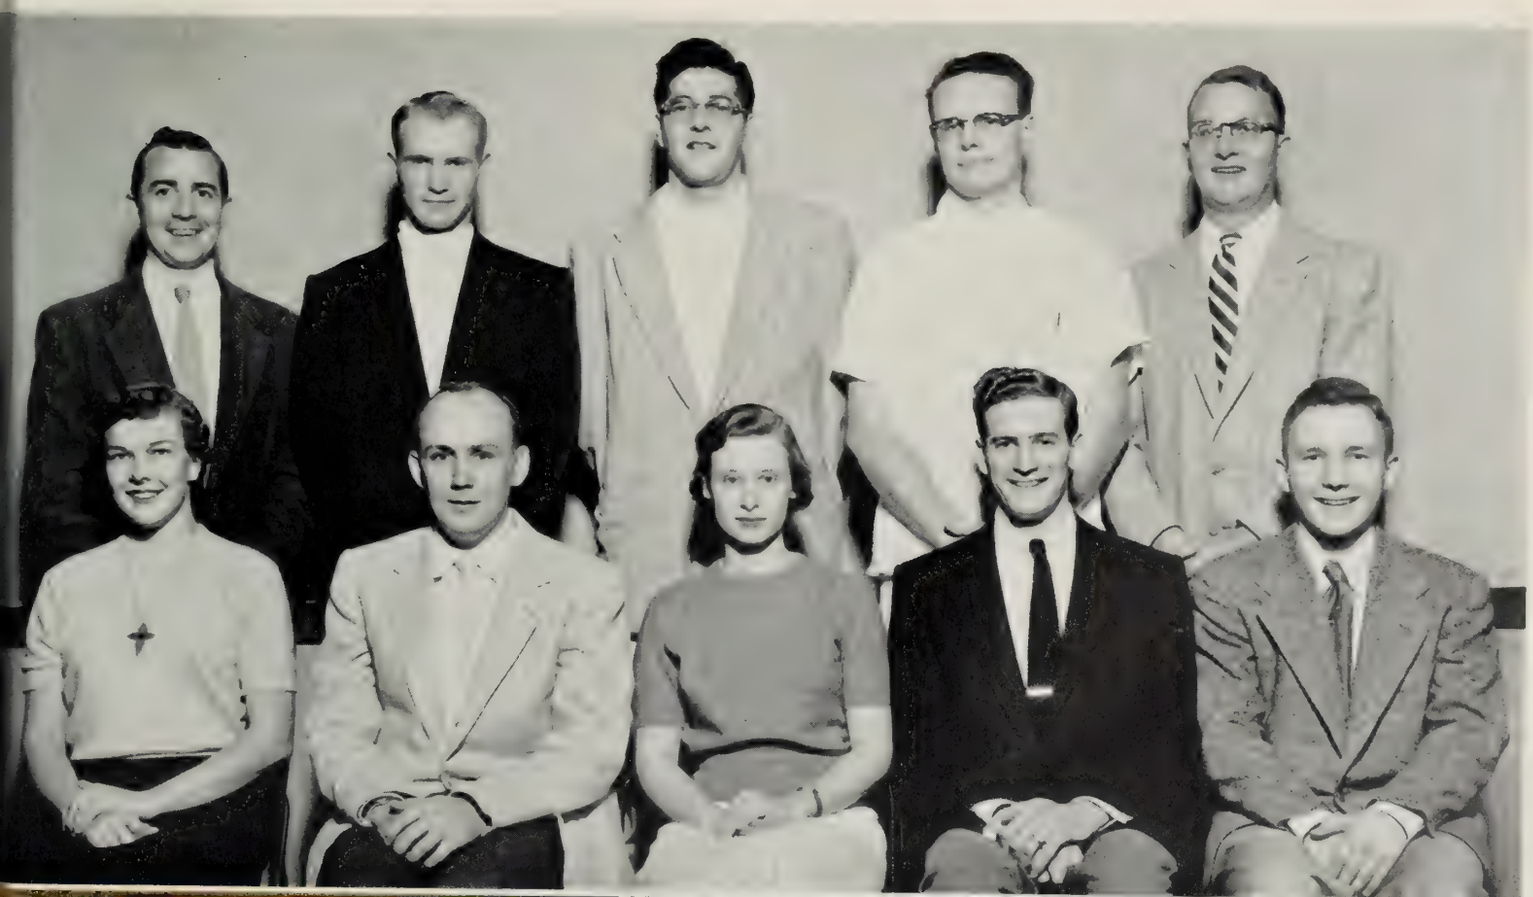

The Medical Student Council administers the student government of the College of Medicine. This group is elected from the four medical classes and is composed of twelve council members and the four class presidents.

The Council is responsible for weighing problems of student interest and presenting their recommendations to faculty administration groups, and acts as the official voice of student opinion in faculty-student relationships.

Annually the Medical Student Council sponsors the Raymond B. Allen "Golden Apple" Instructorship Award to the outstanding instructor of each class. The 1954 awards were made to Arthur Kirschbaum, freshman class; Max Samter, sophomore class; Max Samter and Edmund Foley, junior class; Frederick Falls and Eric Oldberg, senior class.

The Council contributes each year to the Henry G. Poncher Student Aid Fund, from which loans are made to students in emergency situations.

Student Residence Hall

STUDENT RESIDENCE HALL

The objects of the Residence Hall Association are to promote and maintain a program of self-government for the well-being of the occupants. In addition to presenting the views, desires, objects and opinions of the occupants to the Administration, it shall establish and maintain social functions and recreational programs for the advancement of the group. Through the close cooperation of the Administrative staff of the Hall and the Association officers, it is hoped that a very meaningful educational service will be rendered for the mutual benefit of the members of the Association and the University.

ILLI-SOTA

Illi-Sota, the Illinois Student Occupational Therapy Association, has two chapters —one on the Urbana campus and the other on the Chicago Professional campus. This professional group is designed to orient both members and non-members with the curriculum and activities of Occupational Therapy.

Six semesters of the ten semester Occupational Therapy curriculum are taken in the College af Liberal Arts and Sciences on the Urbana campus. The remaining four consist of clinical theory and training in the College of Medicine on the Chicago Professional campus and at various hospital affiliations.

CHICAGO ILLINI UNION

Top row: Thoburn Patton, Merle Crossland, Robert Parsons
Bottom row: James Pritchard, Robert Mulhausen, chairman; Grace Bacon, Burton Anderson
Not in panel: Harvey Imber, Zena Kagan, Alice Pasel

The Union is the center for all-school social activities. Its programs are planned and executed by members of the three Union committees —Social, Music and Display. These committees cooperate with one another in executing the major functions, such as the Open House for new students, Carnival and the Christmas Sing and Coke Dance. They also work independently to provide a variety of weekly and monthly activities.

The building furnishes headquarters for various student committees, as well as being a good place to schedule a dance, meeting, luncheon or dinner. The Union facilities—lounges, game room, snack bar, and dining rooms—provide a pleasant place to relax and meet friends.

ILLIO COMMITTEE

The Illio Committee of the Chicago Professional Colleges is composed of two members from each sophomore, junior, and senior class of the Colleges of Dentistry, Medicine, and Pharmacy, and one representative from the senior class in Occupational Therapy.

The function of the Illio committee is to gather the material for and lay out the pages of the Illio devoted to the Chicago Professional Colleges.

Although not a Union committee, the Illio committee works through the Chicago Illini Union. It is indebted to the staff of the Union for much of the business and typographical work that is done on this section of the Illio.

PHYSICAL EDUCATION

The Chicago Professional Colleges campus offers a wide and diversified program in athletics to provide recreation and competition for all interested.

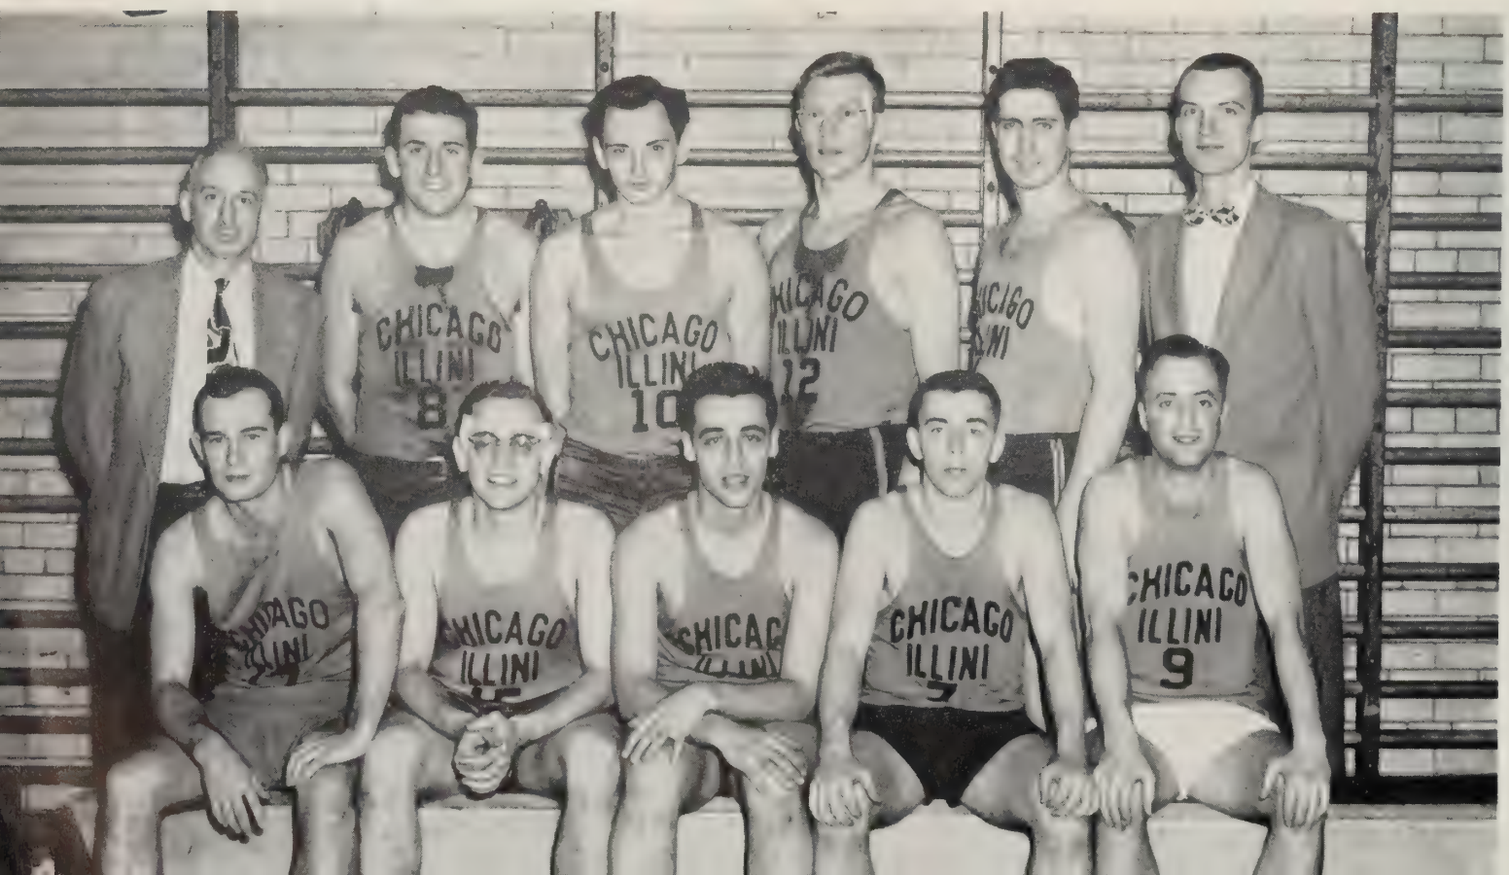

Facilities are located primarily in the Chicago Illini Union Building, with additional activities of swimming and handball centered at nearby Duncan Y.M.C.A.

The program is under the adequate supervision of John W. Brown, who has held this position for eleven years. It is organized under three main categories: varsity, intramural, and recreational. The varsity basketball, golf and tennis teams compete with other colleges in the Chicago area, while the intramural and recreational activities provide for competition between the students on campus.

The varsity basketball team had a fair season, winning five games while losing eight. The golf team split two dual matches, and placed second in the annual city meet. The tennis team had a successful season winning four and losing one match.

Varsity Basketball

Top row: John Brown, Martin Morris, Don Braunagel, Larry Anderson, Lawrie Glickman, Deane Doolen
Bottom row: Jack French, Harold Arnoff, Nick Karabatsos, Peter Johnson, Marvin Tishler

Delta Sigma Delta Basketball

Top row: Walter Karbowski, Larry Anderson, Deane Doolen, John Weiss, Robert Brewer
Bottom row: Richard Zimmers, William Micheltree, Gerald Williams

Kappa Psi Touch Football

Top row: Otto Horacek, Richard Gliwa, Frank Terracina, Karl Strickland, Norbert Bartnicki, Edward Koziol, Francis Simons, Eugene Newberry
Bottom row: George Thies, Joseph Thiel, Glenn Lonhart, Julius Matesi, Gregory Bukowski

The intramural program, which is competitive, again set a record both in numbers participating and enthusiasm. The recreational aspect, noncompetitive, is for those who participate purely for fun, and has a large group engaging in many activities.

For the third straight year, Nu Sigma Nu edged out Delta Sigma Delta for the all-school championship trophy. Alpha Kappa Kappa was a close third.

The following intramural winners are: Fall Golf, Nu Sigma Nu; Swimming, Basketball, Volleyball, Delta Sigma Delta; Touch Football, Kappa Psi; Softball, Delta Kappa Sigma; Free Throw, Lindberg; Badminton Singles, Table Tennis Singles, Floor Tennis Singles, Tennis Singles, Jessen; Hand Ball Singles, Wertz; Tennis Doubles, Jessen and Ingram.

Delta Kappa Sigma Softball

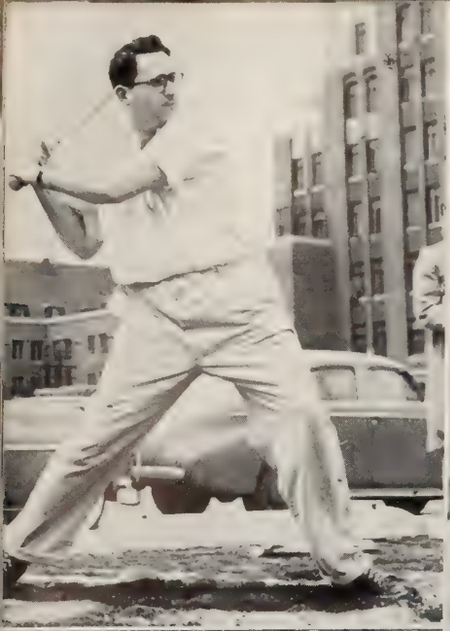

Top row: Alan Rosenberg, Jonathan Mann, Richard Doretti, Lionel Simon, Jordan Waxman, Stanley Margolis, Prof. James Davis
Bottom row: Marvin Stern, Richard Weismehl, Peter Loutos

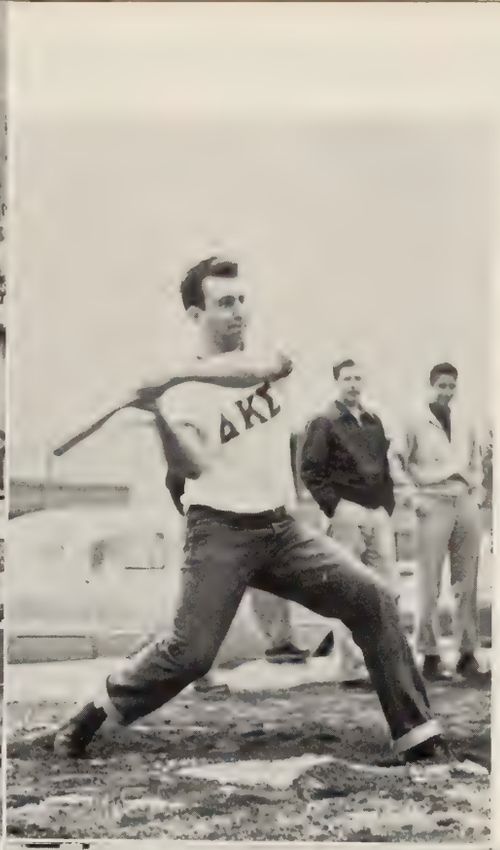

Delta Sigma Delta Volleyball

Archimedes Had a Word for It . . .

REMEMBER Archimedes?

He was a brilliant scientist and mathematician back in the third century B.C. But for all his contributions to the study of physics and mechanics and for all his inventions and discoveries, Archimedes probably is best remembered for a trip he made—one that ranks in fame with those of Lady Godiva, John Gilpin, and Paul Revere.

That was the day Archimedes, while bathing, was fishing for the soap and came up with his famous theory of liquid displacement, which, in so many words, holds that a body immersed in a liquid gives up, or yields, as much of its own weight as the weight of the displaced liquid. It's said that he became so excited at his discovery that he forsook the tub and, sans so much as a terrycloth towel, raced through the streets, shouting "Eureka! Eureka!"

Now, even in our own radio-active age, Archimedes would be considered quite a "brain," and as such, probably would be the first to point out that his displacement theory applies to each of us in everyday life—that *we get out of life just what we put into it*, no more and no less. He would probably point out the holes in the tempting "the-world-owes-me-a-living" theory, and remind us that we are each charged with certain obligations to God, country and neighbor, and our success depends upon the weight we place on them or how well we fulfill those obligations. He would say that such obligations are all part of the *real cost of living*, and we only get what we pay for.

He might add, too, that when we've accepted his theory and put it in practice, then with him we can shout to the world, "Eureka! Eureka!"

Which is to say, translated from the Greek: "By gum, I've got it!"

LEADERSHIP...

A Challenge and an Opportunity

A position of leadership in any industry presents those who lead with the challenge to maintain that leadership and an opportunity to pioneer in improving the products or services of the industry.

Page Walking Draglines and Automatic Dragline Buckets exemplify every tradition of their leadership in the industry which Page pioneered and developed.

Perfect pair from ELGIN

THERE'S a made-for-each-other look about these Elgins you'll want to be part of . . . to share with the very special one in *your* life. (Of course, you don't *have* to pair them — but what a wonderful idea it is!)

And these superb Lord and Lady Elgins more than *look* alike. They are alike in the years and years of amazing performance they will give you, too.

Each was made by the only watchmaker in the world who has made over 50 million fine watches . . . timed to the stars by Elgin's own observatory.

But most important, each has the same heart—Elgin's heart that never breaks. This is the exclusive DuraPower Mainspring, that's *guaranteed* to never break. Neither can it rust nor lose its power.

Surely you know *someone* with whom you would like to share the pleasure of owning a Lord and Lady Elgin? Why not visit your Elgin jeweler soon? Elgin National Watch Company, Elgin, Illinois.

Give an ELGIN *watch, the beautiful way to tell time*

Skill makes a difference!

The skill of our craftsmen plus the skill of our creative designers makes the difference between "just another book" and a CAPITOL distinctive annual. The Capitol Planning Service makes the multitude of detailed tasks less irksome and brings assurance of an outstanding publication on a balanced budget. Inquiries are invited from publicity directors, yearbook and magazine staffs.
